LA CROSSE, WISCONSIN, SATURDAY, MAY 18, 1912.

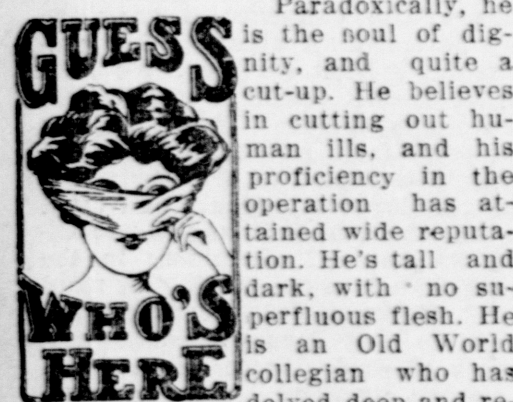

PRICE TWO CENTS.

## On The Great White Way

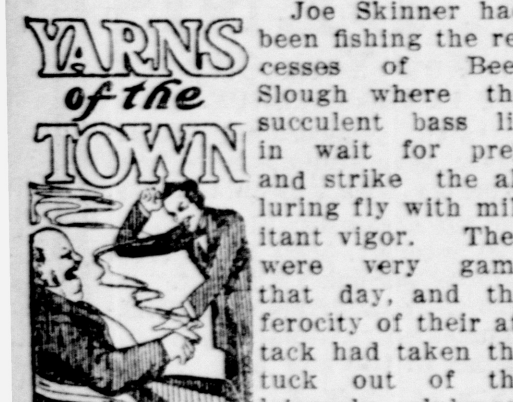

To the lady first correctly guessing the identity of the person of whom the following is a character sketch, and bringing a copy of this paper to The Tribune office, a cash prize of \$1.00 will be given. The subject of the sketch is a prominent citizen of La Crosse. After winning one prize, a contestant will not be eligible to again compete for a period of three months.

The winner of last week's "Guess Who's Here" contest was Mrs. J. W. Boyer, 1301 Market street, the subject of the sketch being "King" Oyen.

Paradoxically, he is the soul of dignity, and quite a cut-up. He believes in cutting out human ills, and his proficiency in the operation has attained wide reputation. He's tall and dark, with no superfluous flesh. He is an Old World collegian who has delved deep and retained the riches of the scientific mines he has explored. He's a stickler for ethics as well as etiquette, and he exacts exactitude in every relationship of life. He brings both peace and a sword, the sword first. He feels at home in America, because his ancestors long ago established their allegation that the claim of Columbus that he discovered it is a rank infringement, and this knowledge of hereditary title has made him typically American. He is generous, but not profligate; kindly, but militant when need be. Until recently he presented the contradiction of a deep student of public affairs in the activities of which he was non-participating and uncommunicative. Now, however, he has had honorary office thrust upon him, and it is a tribute to his reputation that none doubts the efficiency of the service he will render on the ground that heretofore he has been called by no public obligation not involving his profession. In guessing "who's here" it may be well to remember that he's not here, or at least that he will soon be on his way, for no Titanic horrors can make the ocean a terror to him.

Joe Skinner had been fishing the recesses of Beef Slough where the succulent bass lie in wait for prey and strike the alluring fly with militant vigor. They were very game that day, and the ferocity of their attack had taken the luck out of the leisurely clubman.

As the boat was nearing the point another skiff, shooting around the turn, made for the same haven of rest. As the boats approached each other Mr. Skinner recognized L. L. Brown, the distinguished Winona attorney, a fly-fisherman as enthusiastic as Joe himself. Mr. Brown's boat was propelled by a powerful young man in khaki trousers, whose flannel shirt, open at the collar, displayed a sun-browned chest and powerful neck in proportion to the sinewy arms that feathered the oars as easily as if they had indeed been feathers.

Salutations between Mr. Skinner and Mr. Brown over that little smile, half sardonic, half triumphant, all humor, spread with stealthy cunning over Joe's face, and he produced a mysterious bottle filled with a corn-colored liquid, the label of which said something about "bonds" and bore the date "1880." Joe held it in a lingering moment between his eye and the sun.

"A thousand years of sunshine," he observed, proffering it with a gesture of grand profligacy to Mr. Brown. "Do you ever?"

"I don't, but I will," said the tired attorney, reaching with alacrity suggesting the fear that Joe might change his mind.

If two distinctly separate gurgling sounds followed it wasn't because anyone was drowning. Mr. Brown and Mr. Skinner were pictures of satisfaction. Then a look of benevolence overspread Joe's countenance. He waved his hand patron-

izingly at Mr. Brown's puller, and with a bow of majestic condescension asked:

"Ever allow your man to take a nip?"

"Sure," said Mr. Brown. "Let me introduce him. Mr. Botsford, Mr. Skinner. Mr. Skinner, Mr. O. N. Botsford."

Even Joe Skinner's habitual sang froid was no more than equal to the shock, for the person he had been referring to as Mr. Brown's "man" was one of Winona's most prominent citizens, a man of wealth and culture whose love of open air and flowing water led him to indulge his athletic bent by rowing his friend Brown on his fly-fishing trip. Mr. Botsford, who had been enjoying the encounter immensely, said that with the permission of his "boss" he'd do the thing that puts all men at ease, and the incident closed with another investigation of significance of "1880."

Appropos of his recent address in honor of Norwegian Independence Day, Judge John Brindley today regaled the court house reporter with an experience in which a speech upon a similar occasion received UNANIMOUS approval.

"Twenty-five years ago I made an address to Norwegians upon Norwegian Independence Day," said his Honor. "Others were on the program, but all spoke in Norwegian, mine being the only English speech. In those days the habit of using the mother tongue was much more general than it is now, and even the parliamentary proceedings and the conversation were in Norwegian."

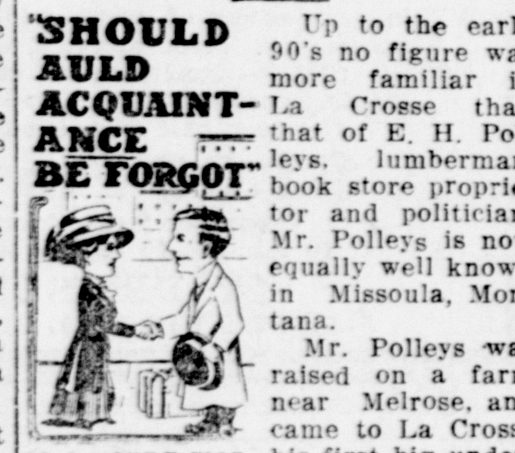

"After the ceremonies had been concluded, a gentleman arose and, speaking in Norwegian, proposed three cheers for Norway. I got the meaning. They were given rousingly, and I participated. Then someone proposed three cheers for America. Again I understood, and yelled lustily. For a third time a gentleman arose and proposed three cheers for something else. I didn't understand in whose honor we were to cheer, but I thought it must be all right, and I cheered louder than anybody."

"That nearly broke up the meeting. They laughed and slapped me on the back, and a perfect uproar of merriment held them for ten minutes. Finally, between laughs, a friend explained to me what it was all about."

"That was three cheers for you," he said."

Judge Brindley once admonished an incorrigible boy whom he was about to release on probation to "cut out his bad associates."

"I will," said the boy, deeply impressed. "You'll never see me here again."

Up to the early 90's no figure was more familiar in La Crosse than that of E. H. Polleys, lumberman, book store proprietor and politician. Mr. Polleys is now equally well known in Missoula, Montana.

Mr. Polleys was raised on a farm near Melrose, and came to La Crosse as a young man, his first big undertaking here having been the purchase in company with his brother of a saw mill on French island.

From 1887 to 1889 Mr. Polleys served the community as city clerk, and after his retirement he purchased the City Book store, corner Fifth and Main streets. In 1904 he sold this property to Hoessler Bros., the present proprietors, and established himself in Lincoln, Neb., where he became interested in a firm engaged in lumber jobbing.

Recently Mr. Polleys removed from Lincoln to Missoula, where he established the Polleys Lumber company, with a capitalization of \$350,000. He is president of this prosperous concern, and T. A. Polleys is vice president. Mr. Polleys keeps in touch with many La Crosse friends who have watched his successful career with pleasure.

## ELKS' CLUB HOLDS OPEN HOUSE

The public is invited to an informal inspection of the new Elks' rooms this evening when the Elks will keep open house; members and officials will be present to entertain guests and show them about the splendid new home. The event is part of the week of ceremony dedicating the home.

## TIGERS STRIKE; WALK OFF FIELD

President of the American League Precipitates Fight with Players by His Ultimatum

## TIGERS REFUSE TO WORK

Only Few Regulars Will Play on Jennings' Scratch Team Today

PHILADELPHIA, Pa., May 18.—Headed by Ty Cobb, Detroit baseball team walked off the field at Shibe park this afternoon as a protest against the action of President Johnson of the American league, in suspending Cobb for thrashing a spectator who hurled insulting language at him during a recent game in New York. The action of the team, it was predicted here this afternoon would result in a baseball war which might mean the disruption of both the leagues, as the National players, as well as the American, are heartily in sympathy with the strike.

CINCINNATI, May 18.—Ty Cobb will not be reinstated and if the Detroit players or those of any other club of the American league refuse to play this afternoon, as they have threatened to do, they also will be punished.

This was the answer here today by President Ban Johnson of the American league, to the threats of the Detroit Tigers to strike if Johnson did not rescind his action in suspending Cobb for an assault upon a spectator at the New York-Detroit game.

PHILADELPHIA, May 18.—After conflicting announcements had been made, following a long conference of the players of the Detroit American league team this afternoon, it was formally announced that so far as possible, the men would protect Manager Jennings. Under this agreement it was understood that though regular players would go on the field to make up a team, it would be only after Jennings procured all available outside players.

PHILADELPHIA, May 18.—Hugh Jennings has organized a scratch team to face the Athletics today in place of the mutinous Tigers, who are determined not to play unless Ty Cobb is reinstated.

The Tigers will report to Shibe park as usual, but if Cobb is ruled out of the game by the umpires, they will leave the field in a body. Their places will be taken by a team composed of veterans who have not worn a baseball suit in years and youngsters from the University of Pennsylvania.

## GETTYSBURG MEN PLAN A REUNION

Veterans to Have Expenses of Semi-Centennial Celebration Paid by the State

The Civil war veterans of La Crosse who took part in the Battle of Gettysburg will make a trip to Gettysburg to attend the semi-centennial of the battle July 1, 2 and 3, 1913. Professor Albert Hardy of La Crosse today received a letter from Adjutant General Boardman of Wisconsin requesting him to send a list of the names of all of the veterans that took part in this battle and announcing that the state will pay all of their expenses.

Thus far Professor Hardy has obtained the names of but three men in this vicinity who took part in this battle. They are Col. G. M. Woodward, and Emanuel Markle, both of La Crosse and F. J. Phelps of Oshkosh. He requests all Gettysburg men to send their name and address to his home at 1316 State street.

July 1, 2 and 3, 1913 will be the fiftieth anniversary of the battle of Gettysburg, the turning point in the civil war. The men will again visit the grounds where they fought for three consecutive days and where they left thousands of their comrades lying dead.

Speeches will be made by several of the officers who took part in this battle. Soldiers from all parts of the country will attend the semi-centennial celebration. It is probable that about ten men from La Crosse county will be among those to attend the celebration.

GIVE SEA WAIFS RIDE  
NEW YORK, May 18.—An automobile ride through Central park to give the two Titanic waifs a last picture of the strange city that was their home for a month was the send off today given Mme. Marcelle Navratil and her two little boys before they boarded the White Star liner Oceanic, scheduled to sail for Europe at noon.

## SENATOR SAYS HE WILL BE CHOSEN

La Follette Predicts He Will Get Nomination at the Chicago Convention

## FOLLOWS RIGHT AFTER TAFT

Wisconsin Senator Speaks Half Hour After President and Gets Cheers Executive Lost

COLUMBUS, May 18.—Predicting his own nomination at the Chicago republican convention, Senator Robert M. La Follette addressed an enthusiastic crowd of about 1,000 people at Olentangy park this afternoon. "It is not always the man who goes to the convention with the most delegates who is nominated," said the Wisconsin progressive. He then cited the nominations of Presidents Hayes, Garfield and Harrison in proof of his statement. "I will be nominated," he declared with great vehemence.

BOWLING GREEN, Ky., May 18.—Carrying his fight for republican national delegates from California into the battleground of the president and ex-president, Senator Robert M. La Follette delivered his first speech here last night. He went to Columbus this morning and will speak at that place tonight.

La Follette has no Ohio organization and is seeking the election of delegates pledged to him in only the ninth, twelfth, twentieth and twenty-first congressional districts. These include Toledo, Columbus and Cleveland.

Fully 8,000 persons heard him last night when he referred to President Taft as an "amiable, easy-going fat man," and denounced Col. Roosevelt as the violator of an oath of office sworn on "the same little Lincoln kisser." He scored both Taft and Col. Roosevelt for dragging the honor of the presidency into the mire of personal vilification.

La Follette was greeted by the same audience which thirty minutes before had welcomed Taft.

The president, however, caused no enthusiasm equal to that which the Wisconsin senator created when he held illegal business combinations responsible for the present national unrest. Col. Roosevelt, he charged, allowed hundreds of such combinations to be formed after he had sworn as president to enforce the Sherman law which forbade them.

## Publishes Contributors

KENTON, O., May 18.—Senator Robert M. La Follette, through his campaign manager, Walter L. Houser here today, made public the names of contributors to his campaign expenses, together with the amounts contributed by each. In addition to numerous small donations not exceeding a total of \$500, the La Follette campaign is financed by the following contributions:

Charles R. Crane, Chicago, \$20,000  
Gifford Pinchot, Washington 10,000  
Wm. Kent, California, 10,000  
A. R. F. Pinchot, New York, 10,000  
Alfred B. Baker, Chicago, 2,000  
Rud. Spreckels, San Fran., 2,500  
William Flinn, Pittsburg, 1,000

Totals \$55,500

## ARCHBALD CASE HALTS COMMITTEE SUSPENDS IMPEACHMENT INVESTIGATION UNTIL MONDAY TO PLAY A LITTLE

WASHINGTON, May 18.—Baseball, golf and congressional business today caused suspension until Monday of the house judiciary committee's impeachment investigation of Judge Robert W. Archbald of the commerce court. Archbald's attorney wanted to play golf today and some "fans" among the committee had baseball tickets. Others had pressed congressional business. To subpoena five more "star" witnesses, to testify next week, was decided upon today by the committee. They are to tell whether Judge Archbald sought a fee of \$10,000 or \$15,000 for services in negotiating the sale of the Marion Coal company to the Lackawanna railroad to which C. G. Boland testified yesterday.

## SOLONS WORK ALL NIGHT

PHOENIX, Ariz., May 18.—After having been in session for twenty-four hours without stopping, the Arizona legislature today worked at the more important measures before it in hope of concluding the bulk of its work before the session expired at noon. Scarcely half of the members of either house were on the floor, the others having retired to committee rooms to catch a little sleep. One of the important bills passed during the night was that of providing for an "advisory recall" of United States senators and federal judges.

## INSURANCE WILL BE INVESTIGATED

Joint Committee of State Legislature to Hold Hearings Here Next Week

## FOR FUTURE LEGISLATION

Committee Gathers Data on Fire Insurance Rates in Cities of Wisconsin

The joint committee of the state legislature appointed to investigate into the fire protection and insurance rates of the cities of Wisconsin and to collect data, with a view of passing new fire insurance legislation at the next session, will meet in the supervisors' room at the court house Tuesday and Wednesday. Fire Insurance Commissioner H. L. Ekern will attend the meeting.

The members of the committee are: Senator George E. Scott, Prairie Farm; Senator S. W. Randolph, Manitowish; Assemblyman H. L. Mortenson, New Lisbon; Assemblyman A. C. Gilboy, Milwaukee; L. L. Johnson, Sturgeon Bay.

It is probable that the officers of the local board of fire insurance agents will be called to testify in regard to the rates charged in La Crosse. A thorough investigation of the insurance methods employed here and matters pertaining to prevention of fire and reduction of fire waste will be part of the program of the meetings.

Both meetings will begin at 9:30 o'clock in the morning and will continue throughout the day.

Much interest has been manifested in the fire insurance inquiry in La Crosse because of the bill introduced but killed at the last session of the legislature requiring all inter-insurers to pay a state tax of two per cent the same as other companies or else to hold the insured liable for it. Testimony relative to this will be taken.

W. C. Holbek and Jens Lienloken, members of the local board of fire underwriters, will be the principal witnesses.

## ROADS INJUNCTION DENIED

WASHINGTON, May 18.—A preliminary injunction sought by the Southern Pacific railroad against the latest decision of the interstate commerce commission in the long litigation growing out of the "pre-cooling" and "pre-clearing" cases brought by California citrus fruit interests, has been denied by Judge Carland of the commerce court, according to announcement today.

## ALLEGED MURDERER RELEASED

CLEVELAND, May 18.—John L. Burton, a prominent lawyer here, charged with the murder of Otto Bremer, was today released on only \$500 bond. Burton came home unexpectedly on the night of May 8 and found Bremer in the house with his wife.

## PARSON GIVES WAY TO FEAR

Richeson Has Hysterical Fit in Death Cell Where He Awaits Execution

BOSTON, Mass., May 18.—Clarence V. T. Richeson today recovered his nerve after sleeping from shortly after midnight until nearly 8:00 o'clock. Prison Physician Lyons, after an examination of Richeson, which began by observation of the prisoner before he awakened, declared the former Baptist minister almost wholly recovered from the violent attack of hysteria which gripped him last night about 11 o'clock. For a time prison officials had feared that the electric chair might be cheated of its scheduled part in the death of the murderer of Avis Linnell.

Attendants who have officiated at all of Massachusetts' eleven electrocutions and at several hangings before the chair was introduced, said today that Warden Bridges has made careful detailed plans for the execution such as are made only when a man is expected to give way in fear as his short walk to death begins.

## LARGEST WARSHIP LAUNCHED TODAY

NEWPORT NEWS, Va., May 18.—With a love tap on the nose by a champagne bottle in the hands of Miss Claudia Lyon, Uncle Sam's newest and greatest dreadnaught, the battleship Texas, was launched here today. Ten 14 inch guns will be her giant battery—the first vessel to carry guns of such large bore. Her broadside salvo will be the mightiest of any American craft. In addition she will have twenty-one five inch guns and four submerged torpedo tubes. Her armor is also the heaviest of any national defender. She is the largest afloat.

## ALVORD CALLED TO EXPLAIN PLAN

Council Postpones Definite Action on Water System Plans; River Men Make Last Stand

## BRADISH ENTERS A PROTEST

Torrance Declares Council Was Hoodwinked in Railroad Commission's Ruling

What is believed to have been the last card of the river water system supporters was played at the council meeting last night, when Alderman William Torrance introduced a resolution to the effect that the plans submitted by Goodwin and Harper in 1910 providing for a river plant at the junction of Black river and the Mississippi, be adopted. The resolution was lost by a vote of fifteen to five.

As the result of a resolution introduced by Alderman P. W. Mahoney, the special water committee will enter into negotiations with the engineers who have submitted plans and specifications for well systems, with a view of recommending the adoption of one of the plans. This committee was also instructed to ask Engineer Alvord of Chicago to appear before the council and explain his plans in detail.

## Definite Action Postponed.

The plans of Engineer B. Williams and the four plans of Alvord and Burdick were read by City Attorney Schubert, and it was decided not to take any definite action until the plans could be more thoroughly inspected.

Following the reading of the plans, Alderman Torrance made a motion that a protest against the well system by City Engineer Geo. P. Bradish be read, whereupon Alderman Mahoney objected, declaring that they were paying for expert advice and didn't have time to listen to Mr. Bradish's report. Alderman Adam Kroner asked to be excused from voting on this question, and the vote ended in a tie, which was decided by Mayor Dengler, who opposed the reading of Bradish's report.

## Drop Reservoir.

The resolution submitted by Alderman Mahoney contained a clause to the effect that the well system be installed without the reservoir, as the city could not afford the expense at this time.

In answer to Mr. Torrance's motion that Engineer Bradish's report be read, Alderman Mahoney asserted that it was just another play for time and that the work had been continually delayed for the purpose of having the work withheld until the spring election of 1913 with the hope of electing enough aldermen to kill the well plan.

In reply Alderman Torrance declared that the council had been hoodwinked into believing that they had been ordered to put in a well system by the railroad commission, whereas the well system had only been recommended, and that if this had been known by all it would have been impossible to get the council to agree to the issuing of \$250,000 bonds.

## CLOSE WEEK'S FIGHT

TOLEDO, O., May 18.—President Taft left Toledo early on the closing day of a full week of speechmaking. His schedule carried him toward Cincinnati, where he will spend Sunday at the home of his brother, C. P. Taft.

COLUMBUS, O., May 18.—Colonel Roosevelt left here today, resuming his campaign in Ohio, with eleven speeches scheduled. He will speak tonight in Cleveland.

## AGE AND YOUTH BURN

SHARON, Pa., May 18.—An aged woman and a six months old baby lost their lives early today in a fire which destroyed a store and apartment house here today. The woman is Mrs. Amanda Black, 69; the other victim, little Mary Clark, daughter of Mrs. Edna Clark.

## ARRESTS CHECK MUTINY

BERLIN, May 18.—A special dispatch from Helsingfors, the capital of Finland, says that prospective mutiny in the ranks of the Russian squadron lying there was frustrated by the arrest of forty sailors.

## CREST OF FLOOD IS NOW PAST

NEW ORLEANS, La., May 18.—The crest of the Mississippi flood has come and gone, according to the United States engineers here today, and the only damage now to be feared is from the waters pouring through several crevasses left behind. With the refusal of General Bixby, chief of the government engineers, to approve the Mississippi river commission's appropriation of \$100,000 to stop the gap at Hymenalia, the work at that crevasse has been halted, and may not be resumed. Meanwhile the waters are pouring over six more parishes.

## DEBS AND SEIDEL HEAD THE TICKET

Socialists Again Choose Indiana Man as Their Standard-bearer in Election

## DEBS IS UNANIMOUS CHOICE

Three Times Leader Given Nomination by Acclaim Over All Other Candidates

INDIANAPOLIS, Ind., May 18.—Eugene V. Debs of Indiana was nominated for president by the socialists in national convention at Tomlinson hall late yesterday afternoon, on the first ballot, as was Emil Seidel of Wisconsin for vice president.

Four other prominent members of the party were placed in nomination for first place on the ticket, Emil Seidel of Wisconsin, Charles Edward Russell of New York, Job Harriman of California and Duncan McDonald of Illinois.

Before the balloting was begun, however, McDonald and Harriman withdrew. When it was announced that Debs had received a majority of the ballots, Seidel moved that the nomination be made unanimous, and this was seconded by Russell. The motion was carried amid great enthusiasm.

Several men were mentioned for the place of vice president on the ticket, but those who said they would be willing to make the race were Emil Seidel of Wisconsin, John W. Clayton of Pennsylvania, and Dan Hogan of Arkansas.

## TO RECALL OFFICIAL

SPRINGFIELD, Ill., May 18.—For the first time in Illinois, an effort is to be made to use the recall of a public official. The circulation of petitions for the recall of Willis J. Spaulding, a member of the city commission of Springfield, was commenced here today.

## SHOOTS SELF AND WIFE

HAMILTON, Ont., May 18.—Frank Trickle, whose home is in Brantford, shot and instantly killed his 24-year-old wife shortly before noon today and when chased for blocks by the police in an automobile turned the revolver and shot himself through the breast. He will recover.

## BIG BATTLE BEGINS

MEXICO CITY, May 18.—The battle on which hinge the outcome of the Mexican revolution is in progress today near Ceballos. Reports made to the government officials here say that Gen. Huerta has attacked Orozco with his full force.

## TO INCREASE MISSIONARY PAY

LOUISVILLE, Ky., May 18.—The high cost of living was set forth as the reason for recommending an increase in salaries of missionaries today in the report of the board of home missions to the general assembly of the Presbyterian church in the United States.

## FIND TWO BODIES

WAUKEGAN, Ill., May 18.—Two bodies of the members of the party of seven who went to the bottom of Fox Lake in a storm two weeks ago, were recovered today.

## WEATHER

For La Crosse and vicinity: Fair tonight and Sunday; cooler tonight. For Wisconsin: Generally fair tonight and Sunday; cooler tonight with frost in moorlands.

For Minnesota: Fair tonight and Sunday; cooler east portion tonight; frost east and north portions.

For Iowa: Fair tonight and Sunday; cooler tonight.

## Weather Conditions

The storm in North Dakota yesterday morning has moved to the Lake Superior district accompanied by local thunderstorms and an area of moderately high pressure has moved into the Dakotas. The pressure is also high over the southern states and the weather fair and moderately cool. Another depression is developing in the vicinity of Salt Lake City. The temperature has fallen in the upper Missouri valley and risen from Nebraska to northern Texas, in the upper and central Mississippi valley and upper lake region.

The Dakota high will cause somewhat lower temperature in this section tonight with fair weather; Sunday will be fair with moderate temperature.

# What The Rambler 10,000 Mile Guarantee Means

This map gives you a graphic idea of what the Rambler guarantee means to you in point of mileage.

**T**HIS guarantee is backed by every one of our Rambler dealers and branches. One of them is located nearby and is perhaps known to you.

Back of them is a factory employing eighteen hundred men, with a floor area of twenty acres and producing ninety-six per cent of the parts that go to make up this car.

This factory has produced twenty-two thousand Rambler motor cars and the average cost for repair parts on each one of these cars last year was only twelve dollars and ninety cents.

Some of these cars have been in use eleven years. One-half of them have been in use five years or more. These are the facts which warrant our confidence in the Rambler to the extent of giving the signed guarantee for ten thousand miles.

The Cross Country sales to date are three times those of last year.

## LA CROSSE MAY GET A COLLEGE

Negotiations on Foot to Bring Educational Institution Here; Board of Trade Makes Offer

### RECOMMEND LOCAL SCHOOLS

The Educational Committee Urges Students to Attend Normal and University Extension

Negotiations are under way for the establishment of a new college in La Crosse, according to the announcement of Secretary John Uttermoehli of the board of trade. For some time the proposition of making an offer to a certain college located in Wisconsin, to have the college removed to La Crosse, has been under consideration by the committee on education and university extension. An offer has been made and is now being considered by the college stockholders.

If the offer of the board of trade is accepted it will mean the addition of nearly 200 students to La Crosse and will add materially to the reputation which La Crosse has gained of being an educational center. La Crosse now has a branch of the university extension, a normal school, two business colleges and one of the most modern high schools in the state.

The committee on education and university extension of the board of trade, after a careful examination of the reports of the normal school and university extension, has issued the following in recommendation of the local institutions:

This being commencement season, the seniors in the high schools are naturally beginning to make inquiry about colleges to attend next year. The committee on education and university extension of the board of trade of the city of La Crosse, therefore, desires to call the attention of the high school graduates in La Crosse and surrounding towns and cities to the advantages offered in the state normal school located at La Crosse.

#### The Life Diploma in Two Years

Our normal school offers to high school graduates two year English, German, French and Latin courses leading to the life diploma. This diploma exempts the holders from examination for life, and permits them to teach in the grades and high schools in Wisconsin and most of the other states in the northwest.

#### Junior Standing in the University

This diploma also admits the holders to junior standing in the university of Wisconsin and the other higher institutions of learning in this and neighboring states, enabling them to secure their college degree in two years after leaving this institution. This four year course (two years in the normal school and two in the university) give a splendid preparation for young men who desire to become principals and superintendents in the best high schools in this part of the country. The work in the normal school gives the student the professional training necessary to enable him to teach well and the work in the university gives him the training in the higher academic subjects necessary for principals and superintendents of high schools.

#### College Courses

A law of the last legislature, and subsequent action of the board of regents of normal schools, make it possible for the normal school at La Crosse to offer college work to high school graduates. Two full years of college work are now offered in the departments of English, mathematics, history and economics, German, French, Latin, geography and geology, physics, chemistry, botany, zoology, etc. The relations with the university of Wisconsin are such that students doing two years of college work in the normal school may later enter the University with junior standing. Such an arrangement may be well appreciated by any one who stops to consider the following advantages in its favor.

1. It is a matter of no small economy to keep a young man or woman of this part of the state in school near his home and save the expense incidental to board, room and other outlays required of those who go from home to college or university.

2. It offers the best possible training for subsequent college or university work. Students in the normal schools usually get a training in methods of study, in habits, in persistent application and sustained effort that the colleges seldom attempt to give. For this reason it usually happens that the student of junior or senior standing, making the best records in college, are those who have done their first two years of work in some good normal school.

3. In the third place, and perhaps of greatest importance, is the fact that a student doing his first two years of college work in a good normal school at home may continue, during that time, to have most of the advantages and safeguarding of the home. Parents who know the difficulty a young man has in rightly using the increased liberty and freedom given him on going from home to a great university will appreciate this opportunity. Every young student needs the guidance of home as much as the intellectual advantages of a good school. The more nearly the two can be secured the closer is the approach to an ideal student environment.

In accordance with the rules and regulations prescribed for all the normal schools of the state by the board of regents of normal schools, the normal school at La Crosse will enter upon its third summer session of six weeks Monday, June 24th, 1912.

Classes will be formed as re-

requested for the various phases of professional, English, mathematical, science, history, Latin, German, French, manual training and art studies, provided five or more persons desire to pursue any one subject. The school will endeavor especially to meet the needs of the following students:

1. Prospective teachers who, in compliance with the provisions of the minimum qualification law, enacted by the legislature of 1909, are required to study school management, methods in reading and language, methods in Arithmetic, methods in geography for six weeks before becoming teachers, after July 1st, 1910.

2. Teachers of eight months or more experience who hold a third grade certificate and wish to renew it or work for one of second grade; teachers holding a second grade certificate, who wish to renew it, or work for one of the first grade.

3. Students who wish to begin some of the regular normal school courses, or continue their work in courses previously begun. Such students will be restricted to two subjects carried for credit. In exceptional cases permission to carry an extra subject may be granted by vote of the faculty.

4. Teachers who wish the inspiration and professional growth that come from class room contact with teacher and student for even a limited time, though formal "credit" is not desired.

The faculty will exert every effort to assist students to make out their programs in such a way as to enable them to get the best results from the summer's work, in any of the courses offered.

#### The Training School

There will be morning sessions of the training school throughout the six weeks, to afford an opportunity for observation for all who desire it. Students desiring the privilege of observing the work in the training

school should arrange for the same with Prof. William H. Sanders, supervisor of practice. Pupils will be received, without tuition, in the first, second, third, fifth and seventh grades.

#### Unprecedented Growth

The normal school has had an unprecedented growth during the three years of its existence. During the year just ending almost 1,000 students have been enrolled. We have had forty-one students enrolled in the college courses. These students have come from La Crosse and other towns in this part of Wisconsin. Despite this large attendance and rapid growth, the school is anxious to extend its field of usefulness in the future. This is made possible by more liberal appropriations permitting additions to the faculty, some new courses of study, better library and laboratory facilities, the improvement of the grounds, etc. Prospective students interested in further information may write the president. All questions will be cheerfully answered. Catalogues will be sent upon request. Summer school opens June 24, and the fall term September 2, 1912.

### BIG FREIGHT STRIKE IMMINENT

CHICAGO, May 18.—Announcement was made yesterday afternoon at the headquarters of the Freight Handlers' union that unless the strike against the 24 railroads entering Chicago was settled by Monday, all union freight handlers would be called out on strike in Dubuque, St. Paul, Minneapolis, Milwaukee, Buffalo, Boston and other eastern cities. Negotiations were on today, it was stated, between the railroads and the men and it was hoped to have the differences settled before the strike order goes out.

#### Untwist It

Fred and Jack, little brothers, hitched their goats to a new wagon, their father bought them. Fred, the

younger, got in to drive off, but "Billie" stubbornly refused to budge; whereupon Jack stepped up and gave the goat's tail a vicious twist or two, at which "Billie" made off at a lively gait, to the great pleasure of Fred, the driver. When the goat got started, he did not slow down, but went faster and faster to the great dismay of Fred, who, much frightened, cried to his brother: "Jack, Jack, untwist it, untwist it."—Norman E. ## Do You Feel This Way?

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your lazy liver to work. It will set things right in your stomach, and your appetite will come back. It will purify your blood. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about a cure in 98 per cent. of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice.

**HIS SUGGESTION IS REASONABLE**

The position assumed by Alderman Mahoney on the water plant problem seems the common sense view. In effect, it is to be guided by the recommendation of the engineers, which in all essentials corroborates the Maltby proposal. The council has gone to considerable expense in its efforts to get the right information, and if the advice thus secured is worth anything it is worth following.

At a glance Mr. Mahoney's suggestion that the building of the reservoir be delayed because of the expense may seem like cutting off the dog's tail a little at a time. However, the alderman makes his suggestion in view of two important facts—one that the amount of taxes available under the present assessment may be unexpectedly decreased; the other that we are approaching so dangerously near our bonding limit as possibly to handicap the city should any new emergency arise.

We believe the reservoir should be built now, if that proves possible. If not (and Mr. Mahoney's investigation has convinced him it should not be attempted) the idea of pursuing the approved scheme of the engineers in such a way that the reservoir may be added when finances warrant is the best way out.

**DESERVING OF RECOGNITION**

In the younger ranks of bank men there is not one who better deserves recognition than J. A. Thwing, cashier of the Security Savings bank, yesterday elected president of the Group 7 of the Wisconsin Bankers' association.

Having begun early, Mr. Thwing enjoyed the advantage of a number of years of varied and practical banking experience when the active management of the "Security" fell upon his shoulders a number of years ago, and such was the confidence reposed in him that the stockholders, figuring his youth no handicap, had no hesitancy in entrusting to him the future of a growing institution.

Their judgment has been proven sound. Mr. Thwing has displayed progressiveness without the usual inaction of zeal, conservativeness without the narrowness of the sordid. The bank has grown with him, and he with the bank. With him as its central figure the institution has increased in popularity and strength. We are pleased to see him honored by his discerning associates.

**LEARNING BY NEW WAYS**

New York City is to have a theater for children. The idea undoubtedly grows out of the tremendous patronage of the moving picture shows, and will perhaps lead to

the opening of these cheap show places for the special entertainment of children in every city.

Every parent knows that the best means for entertaining and instructing little ones is the picture. You can say "c-a-t, cat" to a child forty times and next day it will come back at you with "cat" spelled with a "K," but you can put that word with a picture of pussy and kiddie will get it correctly, quickly. Same thing with matters of higher instruction—the object lesson lodges in the youthful mind for keeps.

The moving picture show may be made a very beneficial adjunct to the ordinary course of instruction, indeed, and this being so, it becomes society to especially concern itself with the character of these shows.

And other evolution is bound to come at these shows. The day is coming when a fellow will be able to take his child in one hand and 15 cents in the other and attend the whole circus at the picture theater—animals, ring, clown, elephant, peanuts, and all—without undergoing the noxious odors and obnoxious battle for life one has to undergo in the big tent.

Any show that is instructive and clean is a good thing for children. Even matured folk learn most, not through what they hear, but through what they see.

**PUT DRESBACH AND DAKOTA BACK ON MAP**

Dresbach and Dakota are small villages on the river. Partly because of unusually low water and the accretion of alluvium, partly as the result of government work on the channel the river has been gradually removed from its old bed and away from the villages. As a result the people there are protesting, emphasis to their complaint having been added by recent work by the war department which they contend operates to still further remove them from the channel.

We do not know what it would cost the government to restore the channel to the west side of the river, so that Dresbach and Dakota might again enjoy the advantages the existence of which impelled their founders to select their respective sites. But in building, villages acquire vested rights that should not arbitrarily be taken from them. If it is possible, at an expense not prohibitive, to restore the channel to the west side of the river, it would seem up to the federal government to do so. As an engineering feat it seems far from impossible, and as a matter of justice it appears to be demanded. The people of Dresbach and Dakota are justified in their position. There is no worse stretch of navigation anywhere on the river than that formed by the curve to the east created by the closing dam at the head of Dresbach island. If it was worth the expense of the change to build so unsatisfactory a section of channel, it will be worth as much to undo the work, and navigation will not suffer materially thereby.

**THERE'S TIME TO ACCOMPLISH MUCH**

The scientists now set the end of the world 300,000 years hence. This is good news, for it will allow the completion of many projects now under way. There has been a fear that the world might end after Champ Clark had carried Illinois and it is comforting to know that there is going to be a little leeway.

The world should be able to accomplish much in 300,000 years. Those who are paying for encyclopedias on the installment plan may, through their heirs be able to liquidate before the final day. In 300,000 years there may be a phonograph that will not squeak, wooden legs that will fit, haircuts that will not grow ragged around the edges, barbers who will not talk baseball, celluloid collars that will not catch fire, sewing circles that will not gossip and elastic suspenders that will not break in the middle of a two-step.

In 300,000 years it may be possible to shoo Lorimer and Uncle Ike Stephenson out of the senate and to have a new secretary of agriculture in place of Uncle Jim Wilson. Really there is no telling what may happen in so great a stretch of time. Congress may be sending out garden seeds that will really grow and the Congressional Record may get to printing speeches that are really spoken. The scientists should be thanked for allowing us so much extra time.

**The Yellow Letter**

A FASCINATING MYSTERY STORY.  
BY WILLIAM JOHNSTON  
Copyright 1911—The Bobbs-Merrill Co.

"Will you ask Miss Louise when she can see me?" I found myself saying in calm tones to the maid.

Again she closed the door in my face. Again I waited.

"Miss Louise says that she will see you if you will return in an hour," was the message that was brought to me.

I left the Farrish door and stumbled blindly up the street. The plight in which I found myself seemed inexplicable, maddening. I was sure Louise loved me. Had she not turned to me in the first hour of her distress? Had she not permitted me to take her in my arms? Had she not commissioned me to solve the mystery of the yellow letter? Yet why had she bade me discontinue my search? Why had she shut her door to me? What could be her motive? What could have influenced her against me?

Torn by a hundred conflicting emotions, I traversed street after street, not knowing or caring whither my feet were taking me. I must have retraced my steps, for I found myself in the block where the Farrishs lived. I looked at my watch and saw it was still half an hour before the time I had been told to return. I turned away from the house and wandered aimlessly on. There was some mystery in Louise's conduct I could not fathom. She refused to see me, yet just ahead of me some one else had been admitted to the house. A wave of jealousy swept over me. Who was this other man? I racked my brain, striving to recall his appearance, trying to remember what there was that was familiar about him.

All at once it came to me. A wild rage filled me. I knew now who he was. A picture of the office in that little hotel in New Jersey came to my mind, as it looked when I stood by the stove drying my clothes. A man had come to the desk and got his key and had walked past me as he went to his room. I knew now where I had seen that man who was admitted to the Farrish home. It was the man called Cook.

It was Hugh Crandall.

**CHAPTER X.**

**Who Was The Thief?**

An unbidden and unwelcome guest, jealousy came and sat by the altar of my heart, stirring the fires of my love for Louise into furious darts of flame that scorched my soul. That Crandall—for I was positive now that the visitor who had entered the Farrish home had been he—should have been admitted to the house when so many things pointed to his guilt, while I, an accepted lover, and certainly Louise's faithful servant, had been barred with such scant courtesy, filled me with dumb, unreasoning rage. I felt that all the claims of friendship and of service, even disregarding the still stronger claims of honest love, entitled me to far different treatment.

Yet even in the burst of anger that overwhelmed me there was not a single thought of harshness toward Louise. I felt that if I could but see her she would explain everything satisfactorily. It was toward Crandall that all my wrath was directed. Feeling as I did, sure that he was responsible for Katharine's attempted suicide and for her poor father's plight, I feared that his visit to the house boded ill for Louise. Undoubtedly his malign influence had persuaded her to bid

me drop my efforts to solve the mystery. He must have realized that I was close on his trail, so dangerously close that with the effort of the daring criminal he had ventured to come to the house in one last effort to thwart my plans for his exposure.

As I became calmer I resolved on a course of action. Louise's strange request to me over the telephone must have been made because she was dominated by the fear of this villain who had brought disaster on her father and sister. Perhaps she feared that some evil might befall me if I persisted in trying to run him to earth. Possibly she was afraid that still greater evil might come to those she loved. I felt that for her own happiness it was necessary that I should continue my course. I would go on with my investigation and once for all free her from the crushing thrall of this hidden evil. I would wait where I was until Crandall had left the house, then I would insist on seeing her and telling her my resolve, nor would I permit her to dissuade me from it.

On the corner was a drug-store. Sheltered by its awning I took my stand to wait until Crandall left the house. I could see the Farrish door, yet my presence there under the awning would hardly be noticed. I had not long to wait. In about five minutes the door opened and the caller emerged. This time I had an opportunity to get a good look at him. I was right. His face was that of the man who had been registered in the Ardway hotel as Henry Cook, who had so abruptly left the room when the inquest was being held as I had begun to ask questions about the yellow letter, who had driven from the town behind the fastest horse obtainable.

He came swinging down the street past where I stood. As he came closer, I was amazed to note that his face was not the unnatural color of the morphine user's that I expected, but ruddy with health. His eyes, however, wore a strained expression and his brow was knotted with wrinkles. I was strongly tempted to spring out from where I stood as he passed, to seize him by the throat and to make him tell me all I wished to know about the hideous mystery. Yet better judg-

ment withheld my hand. After all, the evidence I had against him was not of the tangible sort that would convict. Even though I knew of his telephoning Katharine just before she shot herself, even though General Farrish had learned something about him that barred him from the house, even though we had found in his rooms a hypodermic syringe and the address in New Jersey where the third suicide had taken place, even though I myself had noted his suspicious actions there, there was nothing definite enough to warrant seizing him as yet. I watched him as far down the street as my eye could follow and then turned toward the Farrish house. This time I was admitted without delay. Apparently the maid had new instructions.

"I'll tell Miss Louise you are here," she said as she showed me into the reception-room.

As I waited I tried to think how I should greet Louise. While there was much that I might reproach her for, I felt that surely it had not been her fault. I knew she must be acting under compulsion. I was determined, though, to let her know that I knew that Hugh Crandall had been in the house.

Suddenly I heard a smothered scream up-stairs and a second later Louise burst into the room. There was terror in her face as she ran to me.

**The Mail Carrier Hurried**  
It was on an occasion when a president of the United States was making a swing around the country. A man who was carrying the mail on a weekly route between a Missouri county seat and a little postoffice out at a country store came dashing madly down the road in the direction of the town. A farmer who saw him coming and wondered at his great haste hailed him and said:  
"What's the matter, Jimson? What's your great hurry this morning?"  
"Hurry?" Jimson repeated. "Why don't you know the president is to be in town today?"  
"Oh, I see," the farmer replied. "You want to get there in time to see him?"  
"It's not that makes me hurry." "It ain't?"  
"No, sir! You may not know it, but

this working for the government is mighty ticklish business, and a man has got to be awful careful or he'll lose his job. Now suppose the president gets off the train down there and asks about me and I ain't there, and he finds out I'm late. Don't you see there'd be trouble right off, and I might be asked to resign."

"I see."

"Yes, sir. So I ain't taking no

chances. When the president steps off the train and asks the crowd 'Where is Jimson?' I'm going to be there so I can step right out and say, 'Here I am, sir.'—Kansas City Star.

Our sense of humor is so blunted that placarding the clothes and baggage of a newly married couple doesn't tickle it greatly.

### WRECK IN YARDS DELAYS TRAFFIC

Milwaukee Extra Freight  
Is Ditched in Crossing C.  
& N. W. Tracks Last  
Night

Striking one of the frogs on the C. & N. W. tracks at 11 o'clock last evening, an extra C. M. & St. P. freight train in charge of Conductor Louis Daniels was last night derailed in the east yards of the Milwaukee road here and several cars thrown into the ditch. Nobody was injured but traffic on both the C. M. & St. P. and the C. B. & Q. roads was held up for some time.

When the cars were being derailed, they hit the pipes which controlled the interlocking system on both the C. M. & St. P. and the C. B. & Q. roads with the result that this system was damaged and could not be operated.

For several hours all eastbound trains on the C. M. & St. P. railroad had to be signalled by means of hand signals, while the same system had to be employed on the C. B. & Q. Trains going east were thus delayed all during the night and the scheduled time could not be maintained. Considerable difficulty in running trains east was thus encountered after the derailment and it was not until almost noon today that all the evidence of the accident could be cleared away and the regular railroad traffic continued.

Frank S. Larkin was put in charge of the derrick which was sent to the east yards to the scene of the accident to clear up the results of the derailment. By means of the derrick the cars were lifted out of the ditch into which they were thrown and placed back on the track. The coupling was broken during the derailment and some of the cars were damaged to some extent but none of the damage was serious.

### NORTH SIDERS TO PLAY IN VIROQUA

The North La Crosse baseball club goes to Viroqua tomorrow to meet the fast Viroqua team in a game which promises to be an interesting combat, as the nines appear to be evenly matched. Although the locals expect a hard game, they are determined to win. Either Olson, the southpaw hurler who has been pitching in excellent form this year, or Fridgen will toe the slab for the North La Crosse club. With the team playing the way it has been for the last few weeks, they should be able to defeat the Viroqua aggregation.

North La Crosse will line up as follows: Catcher, Bott; pitcher, Olson or Fridgen; shortstop, Roeder; first base, Ed Coughlin; second base, Shorty Coughlin; third base, Kabat; left field, Exel; center field, Noem; right field, Scholberg or Kuppe.

Mr. Jacob Hoel, who was injured by a fall is confined to her home at 1007 Berlin street.

### LOCAL BOY WINS RACE WITH INDIANS

An interesting story of a race between Indians and Y. M. C. A. boys, of Portland, Ore., in which a former La Crosse boy was a star, is being told to his friends today by A. C. Jensvold, 1732 Market street, whose son Orinus was instrumental in winning the race for the Portland Y. M. C. A. The affair was the sixth annual relay race from Salem, Ore., to Portland, a distance of 52 miles. Ten Indians and ten Y. M. C. A. athletes were entered. Each man ran five miles. This year's race was won by the Y. M. C. A., as was the one last year. The four previous contests were captured by the Redskins. The athletes carried a letter from the governor of the state to the mayor of Portland. They were accompanied by an automobile full of motion picture men. The time made was five hours and

eleven minutes, the Y. M. C. A. beating the Indian runners by eleven minutes. Orinus Jensvold, the La Crosse athlete, ran the hardest relay of the lot, his five miles lying uphill throughout.

## Expert Medical EXAMINATION AND CONSULTATION FREE

I want to talk to every sufferer. The fact that you have been treated elsewhere without benefit and are skeptical does not discourage me in the least; nearly all of my patients tell of this same experience. I am curing men and women every day and feel sure I can do the same for you. I especially solicit the stubborn, chronic, seemingly incurable cases. Persons who realize the seriousness and gravity of their condition, and will appreciate benefits conferred and the cure I give, come to me for free consultation. I will then explain how different, better and more curative are my methods of treatment than those possessed by others. My special training and long years of experience in treating all Chronic, Nervous, Blood, Pelvic and Special Diseases give me many advantages over the average physician.

**I treat Rheumatism, Enlarged Veins, Fistula, Piles, Constipation, All Rectal Diseases, Weak and Unhealthy Kidneys, and Lingering Ailments.**

I personally attend everyone who applies for treatment at my office, as I have no incompetent hired doctors to unskillfully treat my patients, and every man who engages my services gets the benefit of the efficiency that has marked my success in the past.

I have cured thousands, many of whom had been given up for lost. If your physical system has been impaired, if your vitality is assailed from overwork or worry, if you are tainted by disease in any form, you owe it to yourself to seek and obtain a restorative power at once.

**MY COUNSEL WILL COST YOU NOTHING, BUT MY CHARGES FOR A PERFECT CURE WILL BE REASONABLE AND NOT MORE THAN YOU WILL BE WILLING TO PAY FOR THE BENEFITS CONFERRED.**

**LADIES CONSULT A SPECIALIST** If you are suffering from persistent Headache, Pains in the Back, and feel as if it were impossible for you to endure your troubles and still be obliged to attend to your household and social obligations, I will cure you if you trust yourself to my care. I have treated and cured a great many.

## FAN-ATICAL FANCIES

In a letter to President Elliott, Thomas Spillane, head of the Rochester club, says that the Surgeons' 1 to 6 victory over the Outcasts was one of the best games ever played at Rochester. He was much pleased with the way the teams are playing and he hopes for a successful season in the Minny league.

The Wortham and Allen United Carnival shows want to come here to show during the week beginning June 16 according to a letter received by the local baseball association yesterday. It has not been decided whether or not this carnival will be brought here.

Eddie Kopetsky slammed out another home run in the game against Brooklyn yesterday and he had a perfect batting average with three safe hits in three times at bat. The way Koney has been knocking out the four cushion swats this year is a caution. If Big Ed keeps on going at the pace he has set thus far, Schulte, the Cubs' fielder who led the National league in making circuit drives last season, will have to look to his laurels.

## TRYOUTS FOR THE PENTATHLON TODAY

NEW YORK, May 18.—The first Olympic tryouts in the east come this afternoon at Celtic park in the trials for the pentathlon competition, made up of the broad jump, javelin throw, 200-meter run, discus throw and 1,500 meter run. Many critics say it's a toss up between Thomas A. McLoughlin and Jack Eller, both of this city, and Jim Thorpe, the Carlisle Indian.

## SWIMMING FETE AT BADGER MEET

MADISON, Wis., May 18.—One of the features of the annual Wisconsin interscholastic tournament to be held at Camp Randall on May 24 will be a swimming fete and crew races. One of the principal races will be between the Minnesota Boat club and the University of Wisconsin crews. Every effort is being made by the athletic authorities to prepare a program so diversified and unique as to draw students from all parts of the state to Madison, and it is announced that the carnival will be one of the most significant in the athletic history of the state. The students of the university will provide entertainment for the visiting high school athletes in the form of a water fete to begin next Friday afternoon, followed by the annual military inspection drill. In the evening a Venetian water carnival will be held on Lake Mendota.

## WOLGAST DANCES BUT DON'T FIGHT

ST. JOSEPH, Mo., May 18.—With his experience with Willie Ritchie still in mind, Ad Wolgast may put on gloves and enter the ring, but he has little intention of fighting. This was the opinion of fight fans here today following the lightweight champion's appearance against Freddie Daniels last night. The bout was cut from six to four rounds, eight ounce gloves were used, and each round lasted just two minutes. Wolgast waited just gracefully about the ring most of the time.

## CARLETON SPEAKS ON "JUDGMENT"

Evangelist Carleton, when speaking on "The Judgment" at the tent revival meetings being held at West Avenue and Jackson street under the auspices of the West Avenue Methodist church, declared that people refrain from breaking the law of the land because they know they will be punished if they do so but they break the law of God because they think they can avoid punishment.

He said, "That is what the people thought in the days of Noah but the flood which God predicted would wipe out all sinners proved they were wrong."

A musical program was given in connection with lecture. Rev. Carleton will speak on the "Unforgivable Sin," Sunday.

## COMMISSION FORM UPHELD BY COURT

ST. PAUL, Minn., May 18.—The commission form of government in cities of Minnesota was upheld in a decision given yesterday by the state Supreme court in a case in which the validity of the Mankato charter, on the commission form, had been attacked.

The decision vitally affects St. Paul in that it removes all possibility of the charter adopted at the recent city election being declared unconstitutional. Even if the opinion of the high court had gone against the Mankato plan, it is believed by lawyers that the St. Paul plan would have been declared valid.

## INDIGESTION IS ENDED FOREVER

Out-of-order Stomachs feel  
fine five minutes after  
taking a little Diap-  
pepsin

Nothing will remain undigested or sour on your stomach if you will take a little Diapepsin occasionally. This powerful digestive and antacid, though as harmless and pleasant as candy, will digest and prepare for assimilation into the blood all the food you can eat.

Eat what your stomach craves, without the slightest fear of indigestion or that you will be bothered with sour risings, Belching, Gas on Stomach, Heartburn, Headaches from stomach, Nausea, Bad Breath, Water Brash or a feeling like you had swallowed a lump of lead, or other disagreeable miseries. Should you be suffering now from any stomach disorder you can get relief within five minutes.

If you will get from your pharmacist a 50-cent case of Pape's Diapepsin you could always go to the table with a hearty appetite, and your meals would taste good, because you would know there would be no indigestion or Sleepless nights or Headache or Stomach misery all the next day; and, besides, you would not need laxatives or liver pills to keep your stomach and bowels clean and fresh.

Pape's Diapepsin can be obtained from your druggist, and contains more than sufficient to thoroughly cure the worst cases of Indigestion or Dyspepsia. There is nothing better for Gas on the Stomach or sour odors from the stomach, or to cure a Stomach Headache.

You couldn't keep a handier or more useful article in the house.

## BE CONVERTED, SAYS PREACHER

When young, is the time to be converted according to Rev. Beadles, the evangelist, who spoke at the First Methodist church last night.

"Eighty percent of the people who are converted, come to God before they are twenty years of age. Ninety percent of the Christians come from Christian homes. This shows the necessity of raising children properly and not letting them go to hell. There are but few people that are saved after they reach the age of forty years."

Rev. Fisher was in charge of the song service. Services will be held Sunday morning and evening.

## :: SOCIETY ::

### MRS. HOLWAY ENTERTAINS

Mrs. Jessie Holway entertained a few friends at bridge last evening. The prizes were taken by Mrs. Hyslop and Mrs. Lewis.

### MRS. KINNEAR ENTERTAINS

Mrs. R. M. I. Kinnear entertained about thirty of her friends yesterday noon in honor of her birthday. It was in the nature of an exchange party, each guest bringing a souvenir, neatly wrapped containing a sentiment appropriate for the occasion and the name of the donor. These little packages were distributed among the guests, much interest being evinced as each parcel was unwrapped.

### EASTERN STAR ENTERTAINED

The officers of the La Crosse chapter of Eastern Star entertained the members Tuesday evening at Masonic temple. Games of all sorts were played. The supper consisted of individual lunches which were tied up with fancy ribbons and presented a very tempting appearance. There were about thirty present, the inclemency of the weather preventing a larger attendance.

### 20TH CENTURY CLUB

The Twentieth Century club will be entertained at the home of Mrs. James Vincent, 1024 Cass street, Tuesday, May 21. The entertaining ladies will be Mrs. H. C. Hart and Mrs. James Vincent. The lesson will be in charge of Mrs. E. G. Perkins. The subject, "Modern Actors and Actresses of Note." Music, Mrs. E. E. Dow.

### FIRST RIVER EXCURSION

The first big steamboat excursion of the season from La Crosse will be given next Saturday under the auspices of the Laymen's league of St. Paul's Universalist church. The members of the league have spared nothing to secure the very best combination on the river for an ideal excursion. The steamer "Frontenac" and the new double decked electric lighted and splendidly equipped barge "Mississippi" have been chartered, for the event, it will be both an afternoon and evening affair, the afternoon ride being up river to Trempealeau and return, to view the magnificent scenery, and the evening trip being by moonlight down river and return.

### SOCIAL BRIEFS

Mrs. Frank Tillman entertained her friends yesterday in honor of her birthday.

Mrs. Joosten entertained the German Reading club this week.

Miss Mary White will leave Sunday night for Watertown, S. D., where she will be the guest of Mrs. McDowell for a few weeks. From there she will go to her father's ranch near Miles City, Mont.

Harold Bryant, son of Mr. and Mrs. J. W. Bryant, who has been ill for a number of weeks with typhoid fever, is convalescing and was able to ride out yesterday.

Mrs. George Thurber returned yesterday from her winter's trip, spent in California.

The Ladies' Industrial society of the First Baptist church will be entertained Thursday afternoon by Mrs. Card at the home of Mrs. Curtis, 1108 State street.

Mrs. Ernest Schilling has gone to Minneapolis to visit friends and relatives.

### TO ASK REVERSAL.

NEW YORK, May 18.—If the attorneys for the National Sporting club of this city execute their threats the state supreme court will be asked today to reverse the state boxing commission's decision revoking the club's license for violating the commission's "no decision" rule.

It's easier for a very young man to raise his eyebrows than it is for him to raise a mustache.

## Absorbs Skin, Chases Wrinkles—Young Again

"The shock at beholding myself in the glass after nine long weeks abed, nearly caused a relapse," writes Emily Colson in Home Queen. "The faded face, with its lines of illness and worry, seemed thirty years older. Now, I thought, I could not attend my chum's wedding, eleven days off, to which I had looked hopefully forward."

"She herself came to my rescue. She procured an ounce of mercolized wax, which she bade me spread on like cold cream, washing it off next morning. Applied nightly, this apparently absorbed the withered skin, so gently I experienced no discomfort. Upon the wedding morn the pallid complexion had entirely given way to one of youthful color and loveliness."

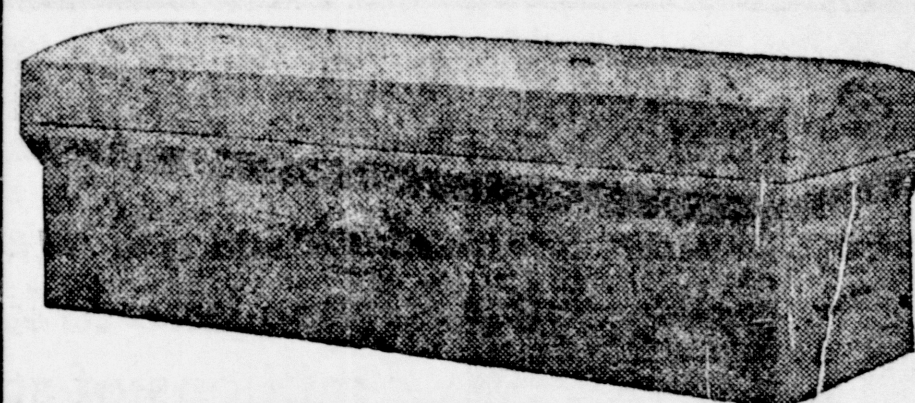

"And there wasn't a wrinkle. This due to a wash lotion made by dissolving an ounce of saxolite in a half pint witch hazel. The daily face bath had dispersed every line."

## NORWEGIANS KEEP INDEPENDENCE DAY

Norden Society and Sons and Daughters of Norway Celebrate Joint Celebration at Onalaska

The Norden society gave a banquet at the Odd Fellows hall last night in celebration of the ninety-eighth anniversary of the independence of Norway. District Attorney James Thompson and Rev. Magnusson both gave addresses upon the observance of Norway's independence day. A large number of the members of the society took part.

The Sons and Daughters of Norway gave an independence day dance at Linker's hall last night which was attended by a large number of the members and friends.

Judge John Brindley and Rev. E. O. Vik both spoke at the joint celebration of Independence Day. Boy Scouts' Day and the schools at Onalaska yesterday.

Judge Brindley gave a strong address on "The Bad Boy," and urged all to encourage the work which is being carried on by the Boy Scouts. Rev. Vik gave an address in the Norwegian language on Norway's independence day.

## WEEK FINANCIAL

NEW YORK, May 18.—The weekly bank statement as issued today shows the following changes:

Excess cash reserve, increase, \$1,541,100.

Loans, decrease, \$5,853,000.

Specie, increase, \$5,590,000.

Legal tenders, decrease, \$244,000.

Net deposits, increase, \$10,036,000.

Circulation, decrease, \$659,000.

Total loans, \$2,013,593,000.

The surplus of the banks is \$13,426,200 as compared with \$46,066,475 last year, and \$24,234,400 two years ago.

(Copyright, 1912, by the New York Evening Post.)

NEW YORK, May 18.—Possibly because of dislike of professional bear operators to leave themselves largely committed in the market over Sunday, with the vote of the Wilkesbarre delegates impending, a substantial though irregular recovery occurred on the stock exchange today. Reading and Lehigh Valley gained two points, or thereabouts; other stocks made smaller gains. Trading was, in the main, restricted to the three or four shares which have been the footfalls of recent speculation.

## BOY BURGLARS TO BE PUT TO WORK

Upon the promise of their parents that their boys would be put to work and kept off the streets, Earl Ledwith, William Robinson and Weigel, who pleaded guilty of burglarizing the public library of \$3.60 about three weeks ago, were paroled by Judge John Brindley this afternoon. Shortly after their arrest, two days after the breaking into the library, the boys ran away from La Crosse, leaving word with some of their associates that they were going to the Pacific coast. The next heard from them came in a report from the police in St. Paul that they had reached that place and left for Chamberlain, S. D.

A few days later, tired of sleeping in sheds and barns and having to beg for their food, the Robinson and Weigel boys returned home. Earl Ledwith returned last night, and the three boys were arraigned in court today. They all pleaded guilty to the charge of burglary, which carries a penalty of from one to seven years imprisonment.

Judge Brindley read the boys a severe lecture on the evils of their ways and exacted a promise from their parents that they would be put to work. It is probable that they will be put to work on farms.

## HOLD FUNERAL OF SHIP'S MUSICIAN

MANCHESTER, England, May 18.—The funeral services of Wallace Hartley, leader of the Titanic band, who went to his death valiantly leading his musicians to the end, were held today. Thirty thousand people formed the procession that followed the remains to the little chapel in the nearby village of Colne.

## INDICT I. W. W. LEADERS

## PLAN TO CLOSE ON OPENING DAY

Directors of Baseball Association Decide to Ask Stores to Close Tuesday

At the meeting of the directors of the La Crosse Baseball association held at the La Crosse club this morning, it was decided to ask the local merchants and manufacturers to close their stores next Tuesday afternoon from two to five o'clock in order that all their employees may attend the opening baseball game of the season between the Outcasts and Rochester at League park.

Plans for a big parade and celebration for the opening of the Minn. league season here are being made. The directors have decided to have the parade start from the market square at two o'clock and the line of march will be from the market square down Pearl street to Second street, over Second street to Main street, and up Main street to Sixth street, from where the crowds will be taken to the baseball grounds in street cars which will be in waiting. A band will be secured to furnish music during the afternoon. A big parade is looked for.

The time for starting the opening game was not set by the directors but it will be either 2:30 or 3 o'clock. This will be definitely decided upon when the directors hold another meeting Monday morning.

The matter of the local baseball players buying merchandise from the merchants and charging it to the baseball association was taken up by the directors and it was decided that the association would not stand liable for any bills of this kind unless the player had a permit from the club to do this.

## DOG PICTURE IS FEATURE OF BILL

"Playmates," a biograph drama depicting the faithfulness of a dog for his little master, is the big feature offering by Sherwood and McWilliams at the La Crosse theater tomorrow. The film tells the story of the dog "Jean," who is faithful to his master through many vicissitudes. It is a strong sentimental drama.

The other films that will be shown at the theater Sunday are an excellent human interest drama, and a side splitting comedy, "Me and Bill," is the name of the dramatic story which portrays the devotion of two old friends and their children. It is a simple, fine film with a universal appeal.

"A Funeral that Flashed in the Pan" is the title of an uproarious Edison comedy picture which must be seen to be entirely appreciated.

Today's bill features "The Punishment," a remarkable biographical drama which has occasioned much comment wherever it has been shown heretofore. In addition to "The Punishment" there is a delightful Essanay western picture called "Her Boys," and a mirthful comedy, "Is He Eligible?"

Miss Louise Muhlhaupt of 408 North Tenth street, left for Milwaukee today, where she will spend the summer.

## ST. MARY'S TEAM IS WINNER OF GAME

In a close and well played game at the high school grounds this morning, the St. Mary's baseball team defeated the St. James nine by the score of 5 to 4. The game was well played and was close and exciting to the finish.

Keegan and Heggy formed the battery for the St. Mary's team, while Bull and Riley twirled for the St. James team and Larkin was behind the bat.

## LOCAL ORATORS IN FIRST PLACE

Helen Keith of Galesville Takes Girls' Honors for This District in Contest

## JOLIVETTE WINS HONORS

Two Will Represent La Crosse District in Madison Contest Next Friday

The third annual declamatory and oratorical contest of the La Crosse normal district has become a thing of the past. To say the least the contest was one of the closest and most interesting ever held in the city. The local high school proved to be the sensation of the evening when her two orators representing the Sparta, Viroqua and La Crosse league, won the first two places in the oratorical contest. The Galesville high school also showed up to great advantage in the forensic line, her declaimers winning first place in the girls' contest and her orator third in the boys'.

The girls' contest was opened by Miss Fanny Gordon of Arcadia, with a stirring selection of Morgan and his men in the Civil war entitled "Kentucky Belle." She was given fourth place.

**Galesville Girl First**  
Miss Helen Keith of Galesville, who won first place, delivered a highly emotional selection, "The Last Word," in a manner which held her audience spellbound.

Miss Ruth Enkhausen of Sparta, won second place with "Pro Patria," another fiery and heroic tale of a girl's love for her country during the Civil war. She is a very clever character impersonator.

Miss Cora Wells, also of Sparta, with a dramatic selection entitled "In Old Madrid," was awarded third place by the judges.

After several excellent vocal selections by Miss Oltman of the normal school, Mr. Harley Hanson of Galesville opened the oratorical contest with Webster's noted jury address "Murder Will Out." He was given third place.

Mrs. G. Cowie, who was awarded fourth place delivered an oration on the reconstruction days entitled, "A Vision of the Past."

**Jollivette Wins Honors**  
Guy Jollivette of the local high school, won a unanimous first place with his delivery of Grady's "New South." He has a powerful voice and gave an exceptionally good interpretation of this oration which held the audience all the way through.

"The Power of Love," an intense, emotional and appealing oration was given by Russell Webb, also of the local high school. Mr. Webb was awarded second place.

The winners of the first place in each contest will represent the La Crosse district in the state contest which will be held in Madison next Friday night.

The normal school orchestra gave several musical selections which were greatly appreciated.

Mrs. C. B. Chorpenned of the Winona state normal school; Superintendent Halvorsen of the Onalaska schools; and Miss Carver of the local school, acted as judges.

## FROHSINN SINGERS TO GIVE EXCURSION

One of the biggest river excursions of the year will be given under the auspices of the Frohsinn Singing society Sunday, May 26, when the steamer Frontenac and the barge Mississippi will make a trip to Winona and Fountain City and return. The steamer will leave La Crosse at 8:30 o'clock Sunday morning and will arrive here on the return trip at 9:30 o'clock in the evening. A seven piece orchestra will furnish music for the dancing, which will take place upon the barge. The barge Mississippi has a dancing floor of forty-four feet by 180, and is considered one of the best on the river. Refreshments will be served on the boat, but the management has requested all to take lunch baskets.

## JAIL GIRL PICKETS

KALAMAZOO, Mich., May 18.—Eight girls including Miss Josephine Casey, organizer for the International Garment Workers' union, and four men are today in jail here serving from ten to twenty days for violating an injunction issued by Judge Knappen against "picketing in the corset workers' strike." Judge Knappen gave no options of fines, declaring that all those sentenced must serve time.

## CALLS LYNCHING ACCIDENT

SHREVEPORT, La., May 18.—Alleging that her husband's death was "an accident," Mrs. Cora Miles is suing an insurance company in the local court for \$40 insurance on Miles' life. Miles was lynched here recently. The case is believed to be without precedent.

## LORIMER IS ILL

CHICAGO, May 18.—Senator Lorimer was reported much better today after an illness which members of his family said was slight.

## WASHBURN SCHOOL WINS FIELD MEET

Victors Score 41 Points and Win Out Easily; Ryan Is the Individual Star

With a score of 41 points, the Washburn school this morning easily won the annual grade school track and field meet held at the Hamilton school, which landed second place by 17 points, as that school scored 24 points. The Lincoln school took third honors by scoring 23 points, being beaten out for second place by but one point, while the Franklin school was fourth with 21 points.

The team from the Washburn school plainly demonstrated its superiority over its rivals, beating all their rivals by comfortable margins. The contests for the other places was a close one as the Hamilton school beat out the Lincoln school for second place by one point, while the Franklin school, which won fourth place, was but two points behind the Lincoln school.

Two records were broken. Ryan of the Washburn school smashing the mark for the half mile by running it in 2:14, while Hickish established a new record for the broad jump by jumping 8 feet 11 1/2 inches. Ryan was the individual star of the meet by scoring fifteen points for the Washburn school.

The relay race, won by the Lincoln school, was the most exciting event of the day. All the events were close and the contestants showed up well. Following is the result of the meet in detail:

	Hamilton	Lincoln	Washburn	Franklin	Washington
50 yard hurdles	3	6	6	3	3
Pole vault	6	3	3	6	3
100 yard dash	6	6	3	6	3
Running high jump	5	4	3	5	3
Half mile	1	5	3	1	3
Standing broad jump	8	1	3	8	3
220 yard dash	1	5	3	1	3
Running broad jump	1	5	3	1	3
Midgirt race	4	5	3	4	3
Shot put	3	1	5	3	3
50 yard dash (girls)	6	3	3	6	3
Relay race	5	3	5	5	3
	24	23	41	21	21

## LYNCH WINS HERE BY SINGLE VOTE

The vote on the international election of the typographical union in La Crosse resulted in a majority of one vote for Lynch, the conservative candidate. Lynch was elected by a big majority throughout the country. Following is the vote: President, Lynch 11; Barker 10; secretary, treasurer, Hayes 8; Cobb 12; vice president, Tracey 13; Duncan 8; delegates to A. F. of L., Morrison 18; Hays 11; McCullough 8; Stevenson 11; Hertenstein 11; Bennington 10; Delahoyde 8; Rodriguez 4; trustees printers' home, Wilson 16; Powell 13; Wood 11; Nichols 5; Glover 9; Criswell 8; McKee 7; Ames 13; agent printers' home, Roberts 8; Parr 7.

## DENVER POST IS SUED FOR LIBEL

ENVER, Col., May 18.—Warrants charging H. H. Tammen and F. G. Benfils, proprietors of the Denver Post, with criminal libel, were issued by the district attorney today at the request of William G. Evans, president of the Denver Tramway company. The criminal action follows the filing by Evans of two civil libel suits against the same men in which he asks damages aggregating \$1,000,000. Tammen appeared in the criminal court and furnished bonds. Benfils is out of the city.

## EBERHART TO CALL A SPECIAL SESSION

ST. PAUL, Minn., May 18.—Governor Eberhart will probably issue the official call for the special session of the legislature to meet in St. Paul on June 4, some time today. The governor has indicated the three measures which he believes the legislators should take up: Namely, a direct primary for the nomination of state officers, a stringent corrupt practices act and reappointment.

## BAN STILL KEPT ON AMUSEMENTS

Close Vote in Methodist Conference Decides that Card-playing Rule Will Stay

## NO BISHOPS ARE ELECTED

Ballots Yesterday Do Not Result in Enough Votes for Any Candidate

MINNEAPOLIS, May 18.—By a close vote this morning the Methodist Episcopal church through the action of the general conference, refused to lift the ban on card playing, theater going, dancing and like amusements. The vote was taken by roll call and followed three hours of excitement and turmoil. The vote of the foreign delegation was almost a unit against the removal of the ban and their ballots held the balance of power.

Friday's ballot on bishops was declared without result as no candidate received enough to secure election. A vote was taken this morning and the result will be announced today.

## "ON A ROOF GARDEN" HAS A GOOD CAST

The cast for the big musical melange "On a Roof Garden" is by far the best that Donald MacDonald has ever trained in La Crosse. The male chorus is exceedingly strong and numbers thirty-two voices, and the girls can certainly be styled a beauty chorus. The performance is Monday, May 27, and is given for the benefit of the Home for the Friendless. It will undoubtedly be greeted with the largest and most brilliant audience of the season. Those taking part are Mrs. Joseph Bartl, Mrs. George Hixon, Elsie Ott, Ruth Heath, Alma Hoxley, Eleanor Gordon, Dorothy Hixon, Vance Pooler, Elleen Deneen, Louise Gund, Irene Esch, Phyllis Wheldon, Esther Wager, Getrude Ives, Hazel Ruplin, Dagney Jostad, Alice Parker, Katherine Morris, Jessie Calloway, Winnie Trane, Clara Fox, Viola Doerflinger, Della Fal, Bertha Burgess, Ella Forbes, Claire Hyde, Mae Aiken, Helen Nelson, Hazel Viets, Meta Zenker, Edith Derr, Edna Birnbaum, Ella Gage, Mary O'Connell, Clara Larsen, Messrs, Aubrey Richmond, Lloyd Lamb, Robert Gordon, Emil Niemeyer, Harry Marshall, Jack Weibaupt, Jesse Brenner, Vincent Downey, Earl Richmond, Ed Fox, Ed Chapman, Ben Ott, Ed Schwalbe, Harold Cummings, Earl Currie, Harry Worth, John Robinson, Ray Sorensen, Roy Sorensen, Curtis Weise, John Weise, Henry Evjen, Ray Lapitz, Albert Dittman, Reinhold Schultz, Steun Striker and Aloysius Kelley.

## AVIATOR IS FINED; ALIGHTS IN PARK

CHICAGO, May 18.—Farnam T. Fish appeared in police court today to answer the charge of alighting in an aeroplane in a public park, contrary to section 51 of chapter 5 of the only ordinance in the world that makes it a misdemeanor for an aviator "getting on the grass" in a park. Fish, who is the youngest licensed aviator in the world, was making a trial flight over the city when his motor slowed and he was caught in an air pocket. He had one chance to save his life and his machine, and he sailed downward to safety in Grant park, and into the arms of the law.

## M'GOVERN DELAYS SAMING JUDGE

MADISON, Wis., May 18.—(Special.)—It was announced at the executive offices this afternoon that there will be no appointment to succeed Judge W. D. Tarrant for several days. From the tenor of the advice learned it is evident the governor wishes to get some information regarding the wishes of the Milwaukee bar association. Petitions of no candidates have yet been received.

## EDWARD HOELZER IS ILL

Word has been received in the city yesterday by his brothers, announcing the serious illness of Edward Hoelzer, who is seriously ill with typhoid fever at Wheeling, W. Va. He is at one of the hospitals at that place. Edward Hoelzer is employed in the lithographing department of the Johnson-Morse Company and is a son of Mr. George Hoelzer of 1209 Green Bay street.

## SAYS BOYS DELAYED MAIL

DES MOINES, Iowa, May 18.—Federal Judge McPherson today sent four Missouri boys to jail for twenty days each because, he said, they obstructed the United States mails when they "hopped" a fast mail train at Creston, a week ago, making it necessary for the conductor to stop the train and put them off.

## COAL STRIKE SETTLED

## Old Country GREEN SOAP

# Get off the hose

Why not apply the same idea to your body—get rid of the obstruction which is stopping the flow of life-giving mental force from your brain to the various parts of the body. You'd quickly kick if Johnnie planted both feet on your hose and stopped the flow—and you'd waste no time poulticing the nozzle, either! Off the hose for Johnnie!

When the bones in your spine get out of line they pinch the nerves which lead from the brain to the various parts of your body—then the nerves go out of business, or partially at least. Of course the parts then lead to suffer. Wouldn't your lawn burn up in the dry heat of summer if Johnnie camped on the hose. Same principle exactly for the nerves carry the life force from the mind.

Here is the Chiropractor's opportunity to help get rid of the obstruction. He knows how, with the hands alone, to set the bones of the spine in proper position again and let the life-giving force flow. He knows why, too, he's got to know how and why to get a diploma.

And you can rest assured he'll be glad to answer your questions. He has made Chiropractic his life-work, preaching and teaching the common sense of this new science of human betterment. Ask him.

## ALWAYS PLACES FOR GRADUATE

Normal Schools Unable to Supply Demand for Teachers in Wisconsin

With four thousand vacancies occurring annually in the public schools in the state of Wisconsin, it is impossible for the several state normal schools and the university to supply the demand for teachers. The combined graduating classes of all the state teachers' institutions do not amount to more than eight hundred each year so there is always a place for the normal school graduate to apply his talents in his profession in this state.

The senior class of the local normal have practically all signed contracts for next year and superintendents and principals of schools from cities all over the state are incessantly calling at the school with contracts in their hands ready to be signed. Those students who have lately received positions and the places where they will be located next term are as follows: Corolla Bangsberg, Onalaska; Edith M. Bartholomew, Kendalls; Jennie Best, La Farge; Fern Casterline, LaFarge; Florence Cox, Sparta; Gertrude Dickens, Wausau; Charlotte Fisher, Camp Douglas; Eunice Freeman, Wausau; Lottie Graf, Viola; Phoebe Gross, Cashton; Mabel Hutchinson, Lake Mills; Olaf Johnson, principal of Warrens schools; Barbara Knoth, Cashton; Emil Krause, Monticello; Martha Merman, Onalaska; Sarah Mills, Viola; Myrtle Oltman, Onalaska; Ila Peters, Merrill; Lena Vollma, Eau Claire.

Rev. Dr. D. D. Scott, of Lancaster, Mass., addressed the students one day this week and on another day, Rev. Beadle, the evangelist, spoke in chapel exercises and Mr. Fisher rendered several vocal solos.

Prof. Williams of the Plattville normal school has been visiting with friends in the city the past few days and spoke at the mass meeting at the normal yesterday morning when the Plattville baseball team was introduced to the students.

## GRECIAN CLASSIC AT THE LYRIC

For nearly nine months a crew of workmen labored to rebuild a Grecian city. This was used by the Milano Film Co. of Italy to reproduce Homer's "Odyssey." The actors living in the city for over a year and a half while rehearsing, as a result a perfect picture and perfect work rewarded the efforts of the Milano company. The costumes for over 1,000 people taking part in this production were made to special order. The ships used were built in Italy in the shipyards of Giovanni and sailed under their own power to the Grecian village.

Count Riccio spent six months traveling through Greece to secure genuine descendants of the sacred cattle. Not a detail has been overlooked to make this the one big film sensation of the world. Homer's "Odyssey" will be exhibited at the Lyric theater next Monday, Tuesday, Wednesday and Thursday.

## J. J. HILL LOSES ROUND OF FIGHT

ST. PAUL, Minn., May 18.—In a sweeping decision of the state supreme court yesterday in favor of the minority stockholders of the Great Northern railway, James J. Hill and other directors of the road lose the first round in the battle for the dissolution of the Lake Superior Holding company for the Hill iron properties. The defendants demurred to the complaint of Clarence Venner, stockholder and eastern capitalist, who charges that the Hills and other stockholders purchased the ore properties in 1899 for \$34,000,000, using the funds of the Great Northern in violation of the railroad's charter. The properties according to the complaint are now valued at \$70,000,000.

## THE MODERN HEAD DRESS

Causes Baldness—We Cannot Change the Head Dress, but We Can Prevent Baldness

Up to the time we began to civilize him a bald headed Indian was a thing unknown. Wearing nothing on his head except the covering furnished by nature and being a stranger to the use of a hair brush, especially the public one, the scalp and hair had plenty of ventilation, much sunlight and, hence, a condition favorable to a luxuriant growth of hair existed at all times.

It was the adoption of air and light excluding head gears and artificial head decorations generally, together with the occasional use of a community hair brush, which gave the dandruff germ its opportunity. Since this parasite has multiplied to an alarming degree until now there is hardly a person who is not troubled more or less with dandruff and falling hair.

Many, to be sure, have passed the worrying stage. Having become chronically bald they realize that nothing is capable of producing natural hair for them. Let these be a warning to all who are experiencing the significant annoyance of dandruff and falling hair.

Dandruff, which is due to a germ, and falling hair can both be overcome by the regular use of Newbro's Herpicide.

This wonderful scalp remedy kills the vicious germ which causes dandruff, cleanses the scalp and stops the hair from coming out. The destruction of the germ permits the hair to grow naturally and luxuriantly as nature intends.

Herpicide makes the hair bright, snappy, light and fluffy.

One dollar size bottles guaranteed.

For sale at all drug stores.

Applications obtained at the better barber shops and hair dressing parlors.

Send 10 cents stamps or silver for sample and booklet to The Herpicide Co., Dept. R., Detroit, Mich. Hoeschler Bros., special agents.

## Quips and Cranks and Wanton Wiles

**The Mother**  
She hath such quiet eyes,  
That feed on all earth's wonders:  
She will sit  
Here in the orchard and the bewildering beauty  
Of blossoming boughs lulls her as day grows late  
And level sunlight streameth through the tree-stems  
Lying as pale gold on the green fallows, and gilding the fleeces  
Of the slow-feeding sheep in the pastures.  
While in her there stirs  
A dream, a delight, a wonder her being knew not,  
Yet now remembers, wistfully, as a thing long lost,  
Sunken in dim, green, lucid seas;—  
And her desire goeth out from her, toward God, through the twilight;  
Lost, too, in the waters of His unfathomable silence,  
While slow tears fill her eyes.  
But the child, gazing upward,  
Sees the glory of the apple-blossoms suddenly scattered,  
As a bird flies through the branches; And he reaches toward the soft, white fluttering petals  
That light upon his face and laughs; and she  
Stoops over him quickly with sudden, hot, passionate kisses,  
Smiling for all her tears.  
—Frederick Manning, in The Spectator.

**What Became of the Boots?**  
The other day little Philip wanted a pair of rubber boots. Papa tried to reason him out of it, but the youngster persisted in his demand. Finally papa told him a little story—one he had read in the newspaper. The boy was all attention, and the story proceeded:  
"A little boy in Baltimore had been given a pair of rubber boots by his father. He waded in the water with them—water ran over the tops of the boots—boy took cold—mother put his feet in hot water—grew worse—doctor came—little boy died—undertaker—funeral."  
The small boy listened attentively to the end of the story, and the father was congratulating himself on the impression he had made, when, with a long breath, Philip asked:  
"What did they do with the boots?"—Norman E. Mack's National Monthly.

**Belated Acquaintance**  
Pension Agent Jacob N. Patterson, at a banquet in Concord, said of a disappointed place seeker: "No doubt he feels badly. He feels—though with less reason—like the young wife to whom a friend said: 'When did you get acquainted with your husband?'"  
"I got acquainted with him," the young wife answered, with a bitter laugh, "three days after the honeymoon, when I first asked him for a little money."—New York Press.

**Not a Bit Offended**  
"Football guide, sir?" said the street vender to the burly man who was hurrying to the match.  
"No," replied the latter.  
"All the news, photos of players, and—"  
"No, I tell yer."  
"Past records, fixtures, and—"  
"Get out."  
"Information worth a quid—"  
Out shot the burly one's foot, and the next moment the youth was sitting in the gutter. Slowly he rose, smiled sadly, held up a football guide, and continued, "No, but puttin' all jokin' on one side, mister, d'yer want a football guide?"—Tit-Bits.

**Matter Over Mind**  
Little Florence had a very bad toothache and was crying softly to herself. Her aunt, who was a believer of Christian Science, went over to the little girl and said:  
"If you had any faith, dear, you would have no toothache."  
Florence continued to sob, but between sobs she replied:  
"Well, Aunt Grace, if you had my toothache, you wouldn't have any faith."—Judge.

## A TRIBUTE TO CAPT. BREESE

Under the guidance of a new pilot the spirit of Captain H. B. Breese has crossed the river of Life and has passed into the great beyond. His last sleep was on the bosom of the stream on which, in life, he spent his happy days, guiding the craft of man through its dangerous shallows and depths, to a port of safety, with the green light on the right beckoning him on. Let us rise above the shortcomings of man and say a kind word on the death of a comrade and friend. His friendship was loyal, his comradeship jolly and his generosity

extended even to a fault. In prosperity a true friend, in adversity he never rang a "backing bell."

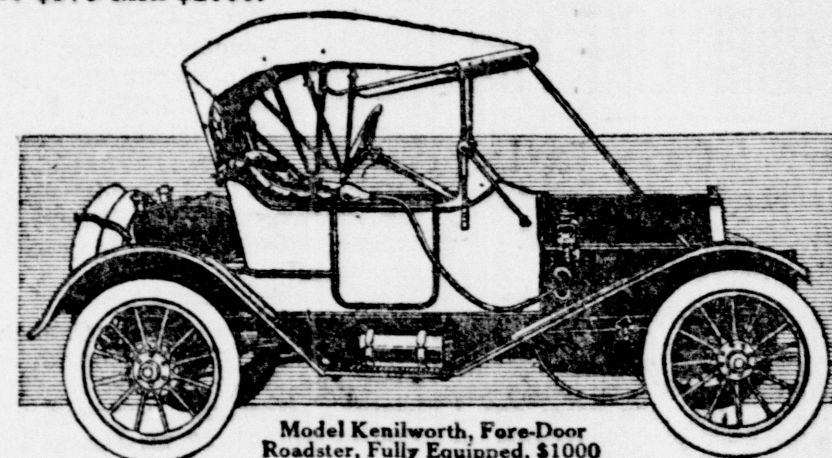

To his widow we extend our heartfelt sympathy and invoke the supreme power to alleviate her sorrows on the death of him she loved so well.

And now, Captain Breese, in your last resting place, under the shadows of the swaying pines, under the lilies that nod in the morning dew, may the silvery waters of the stream you loved so well, chant a requiem of rest, sweet rest.

## The Secret of PAIGE Durability

It is really a wonderful thing—when you stop to study it over—that such a good car as the Paige can be built and sold for a thousand dollars. It's a big, roomy car, lots of style about it and beautifully finished. And down inside—under the hood and under the body—it's built in a way that up to this year simply wasn't possible in cars that sell for \$975 and \$1000.

Model Kenilworth, Four-Door Roadster, Fully Equipped, \$1000

The motor—and it's the motor that counts more than anything else—is a perfect engine. The cylinders are cast en bloc to insure perfect alignment and seasoned for weeks to prevent warping, then ground to a glass-like surface to give hair-line precision (not simply reamed as are the cylinders in other medium-priced cars.)  
All the way through, this motor is built just as carefully as anybody can build a motor. And even then, it is put through every known test to prove its efficiency.  
We have never let a motor leave our factory until it has gone through these tests and shown itself to be in perfect condition. And that's why we have never had a motor come back on us. And that's why the Paige stands up under hard usage year after year.  
Paige care and workmanship in the construction of the Paige motor are typical of our care and workmanship in the building of the complete car. Nothing is slighted, nothing cheapened, nothing rushed in the Paige. We have the facilities—in resources, men and machinery—to build good cars. And we take time enough to do it.  
The Paige comes to you ready for service and long service.

## A STORY OF LONG SUFFERING

As Told by Indiana Lady and How a Deliverance Was Effected at the Eleventh Hour.

Alfordville, Ind.—In a letter from this place, Mrs. Vada Street says, "For over eight years, I suffered from almost every ailment known to my sex."

I would have said severe pains in my back, every month, that I would be in bed two or three days.

At such times I would be so nervous, that I could hardly stand anyone to walk across the floor.

I tried a lot of different medicines, but nothing I ever tried did me so much good as Cardui, the woman's tonic.

I have taken three bottles of Cardui, and the last three months I haven't suffered any pain at all, and I do not have those awful nervous spells.

Had I only known of this wonderful medicine eight years ago, I could have saved many dollars, and days of pain and sorrow.

I advise every woman who has the least symptom of womanly trouble, to take Cardui.

Lady Reader, have you any of these symptoms? If so, we urge you, as Mrs. Street does, to give Cardui a trial.

It is composed of purely vegetable ingredients—and can do you no harm. It is almost sure to do you good.

Your druggist sells it. Try it today.

### Making Bible Translations

The annual meeting of the American Bible society, at its announcement that \$815,000 must be had for Bible distribution this coming year, so great are demands upon it from the awakening in the far east and the near east, calls attention to the Bible translations now going on in many countries, in order to give the Bible to many peoples in their own tongues.

The United States has a peculiar obligation to the near east. A new Turkey and a new Persia, still Mohammedan, have in them the Kurds, who declare their forefathers to have formed the flower of the army of Darius the Great. About half of these Kurds own farms and live on them. The other half are nomads, and while they are high bred, often high minded people by profession, they are apt in reality to be robbers. Kurds care nothing for either Turks or Persians but just now they are exceedingly anxious for schools. They have waked up, and want to know why others prosper and they do not.

So the American Bible society is just now printing a Kurdish New Testament. In all times past the Turkish government has forbidden Bible societies using Arabic characters for printing Kurdish, because then they Mohammedan peoples could read them. The new Turkey is liberal as the old one was not, and the society is printing its New Testament in Arabic letters, doing so under the supervision of missionaries of the American board. These Kurds, by the way, who now want schools and a literature have furnished some of the ablest ministers of state that Turkey has ever had. In the crusades of the middle ages Saladin was a pure blooded Kurdish chief. The society feels such people warrant work for them.

## HANDS WOULD BURN LIKE FIRE

Could Lay Pin in Cracks. Four Long Years of Eczema. Only Relief in Scratching. Used One Set of Cuticura Remedies. Hands Entirely Well.

"I can truthfully say Cuticura Remedies have cured me of four long years of eczema. About four years ago I noticed some little pimples coming on my little finger, and not giving it any attention, it soon became worse and spread all over my hands. If I would have them in water for a long time, they would burn like fire and large cracks would come. I could lay a pin in them. After using all the salves I could think of, I went to three different doctors, but all did me no good. The only relief I got was scratching."

"So after hearing so much about the wonderful Cuticura Remedies, I purchased one complete set, and after using them three days my hands were much better. To-day my hands are entirely well, one set being all I used." (Signed) Miss Etta Narber, R. F. D. 2, Spring Lake, Mich., Sept. 26, 1910.

No stronger evidence than this could be given of the success and economy of the Cuticura Remedies in the treatment of torturing, disfiguring humors of the skin. A single hot bath with Cuticura Soap and a gentle anointing with Cuticura Ointment are often sufficient to afford immediate relief in the most distressing cases and permit rest and sleep when all else fails. Cuticura Soap and Ointment are equally effective in preserving, purifying and beautifying the skin, scalp, hair and hands.

Although Cuticura Soap (25c.) and Cuticura Ointment (50c.) are sold throughout the world, a liberal sample of each, with 32-p. book on the skin and scalp, will be mailed free on application to Potter Drug & Chem. Corp., Dept. 2B, Boston, Mass.

## CHURCH NEWS

### May Bring Heresy Charge

Into the Presbyterian general assembly, already convened in Louisville, heresy charges in two forms are more than likely to come before the close of the three weeks' session. Union Theological Seminary, New York, which produced the Briggs and McGiffert heresy charges, and in one case trial, comes forward with a third. The Rev. Dr. William Adams Brown, Roosevelt professor systematic theology at Union, has written another book, "The Christian's Hope," and in it old line Presbyterians are finding much which they say contradicts the Westminster confessions. Unrest is general. Presbyterian periodicals are filled with letters to their editors.

A second form is an overture, backed from half a dozen presbyteries, asking General assembly to look into lesson helps issued for children in Presbyterian Sunday schools. These helps are edited by the Rev. Dr. J. R. Miller, for many years a close confidant of John Wannamaker, and are published by the Presbyterian board of publication, one of the three great official boards of the Presbyterian church. Nevertheless, presbyteries are declaring their comments to contravene much of the confessions. Some charge them to be Unitarian, and compare them with the instruction given at Union Theological seminary.

### The Finances of Trinity Parish

Trinity parish, New York, is the largest Protestant church in the world, both in property holdings and in membership. It is not, however, the largest in financial income from its members, nor in amount of gifts to others in a given year. Trinity's report for last year, just made, shows financial income of almost exactly \$2,000,000. Of this, however, \$1,000,000 was borrowed money or sales of real estate, Trinity being engaged in building business lofts upon land formerly leased to others and covered with tenements. Of the other \$1,000,000, the only one of public interest, there came from real estate rentals \$834,000, from the people who worship in church or nine chapels \$103,000, and the balance from miscellaneous sources. What is done with all of this income? About half went last year to the up keep of the interest producing properties and their improvement. The city of New York got \$169,000 in taxes, and builders \$225,000 in repairs. There were other thousands to purchase buildings on the church's lands but which it as desired to own and tear down so as to improve, and still others to salary and legal expenses. Religious work \$354,000 went to the maintenance of public worship and of schools. Trinity has 8,610 members, 3,500 Sunday school teachers and scholars, and 4,000 scholars in kindergarten and other day schools. World missions got a generous sum, and so did other churches in New York, not a part of Trinity, hospitals, colleges, the poor, the sailors and many charities.

The Old Law and the New Law.

Matt. x:17-26.

Golden Text—He that loveth his neighbor hath fulfilled the law. Rom. xlii:8.

(1) Verses 17-18—In what sense did Jesus mean that the law was not to be destroyed until all be fulfilled? (2) What, if any, reason is there to believe that Jesus did not mean that the law of Moses was to last forever? (3) How did Christ fulfill every " jot and tittle " of the law of Moses, spiritual, moral, political and ceremonial?

(4) Verse 19—What was the final end, purpose or object of the commandments of Moses?

(5) If a disciple of Christ at that time had taught against the least of the Old Testament commandments, what would he have lost thereby?

(6) If a disciple of Christ now teaches against the keeping of the ceremonial law or the moral law as exemplified by the "eye for an eye" and the "tooth for a tooth" commandments of the Old Testament, how does God regard him?

(7) Verse 20—What did Christ mean by "the righteousness of the scribes and Pharisees?" (8) If a man does an outward good deed for the sake of custom or policy or to be seen of men that he would not do from his own choice, how is his deed regarded by God?

(9) How would you characterize two men, one whose motives are pure, but who blunders in carrying them out, and one whose motives are impure, but who acts outwardly in a faultless manner?

(10) Verses 21-22—The law of Moses, like human law now, could only punish when an outward crime had actually been committed. How does the law here given by Jesus differ from that?

(12) If a man secretly plans a murder and lacks the opportunity of committing it he is innocent at law. Would you say that he is just as guilty before God as if he had committed it? Why?

(13) Does Christ teach that wicked anger or hatred is regarded by God

### His Advice.

A convivial gentleman, returning home late one evening, leaned against a lamp post to rest as a mover passed him. The mover, an economical chap, was doing his moving by hand, and he had on his back a huge grandfather's clock.

The inebriate stared vacantly at the sweating figure bent under the weight of the great clock, and then hailed him.

"Hey!" he called. "Hey, there!"

The mover stopped and turned slowly around.

"Well, what is it?" he asked.

"Take my advice, young fel," said the inebriate, unsteadily wagging his head—"take my advice and buy 'shelf a watch."—Norman E. Mack's National Monthly.

### He's Still Cogitating

It was on the August Victoria, homeward bound, that two Americans, a Frenchman and an Englishman were discussing the relative value of European and American waltzers, with the balance much in favor of the trans-Atlantic variety. To illustrate his point, the American related the experience of a New Yorker in a Broadway cafe, whose bill of fare afforded a choice of mince pie, custard pie and apple. "You may bring me," said the guest, "a piece of apple, of cherry and of custard pie."

"Well," ejaculated the waiter, "what is the matter with the mince pie, sir?"

After the laugh had subsided, the Englishman leaned across the table. "Beg pardon, Dr. Smith, but what was the matter with the mince pie?"—Judge.

### Was Not Reliably Informed

The gentleman who wore evening clothes and the remains of a jag at 9 o'clock in the morning was clinging to the footboard of a crowded surface car in Chicago. As he rounded a sharp curve with a jerk, the person in the incongruous apparel fell quickly and heavily to the cobblestones. He was picked up by the strong hands of the conductor and about twenty passengers.

"Collision?" he asked, in a dignified tone of voice.

"No," said the conductor.

"Off the track?" further questioned the victim of the accident.

"No," said the conductor.

"Well," concluded he of the jag, "if I had known that I wouldn't have gotten off."—Popular Magazine.

### A Boomerang Of Criticism

Dr. Edwin A. Alderman, the president of the University of Virginia, tells this story, illustrating the importance of being careful in criticism.

"I knew of a certain instructor in rhetoric who always impressed upon his students the necessity of clarity in what they wrote. A young man brought on one occasion a very carefully prepared essay.

"A good piece of work," said the instructor, "but, Mr. Smith, you should remember to write every sentence so that the most ignorant person can understand every word you put down."

"What part of my essay was not clear to you, professor?"—The Popular Magazine.

### The Size of The President

President Taft weighs 300 pounds and because of his height looks even larger than he is.

When he held the position of secretary of war he and a friend went to the theater. As the curtain had already risen the friend hurried off to buy the tickets, leaving Mr. Taft to check both overcoats.

A few minutes later the coat boy confided to the janitor of the building:

"The biggest man in the world has just gone through the door. He is so darn big he has to wear two coats!"—Popular Magazine.

### A Lost Ball

One evening a golfer sat in his grandfather's old arm chair eagerly scanning the stop-press news, when his little son came to him and proudly exhibited a brand-new "Colonel," which he said he had found over at the links. "Are you sure it was a lost ball, Dave?" cautiously inquired the golfing sire. "Lost," said David. "Of course it was lost. I saw the man looking for it."

as murder, and, if not, what does he mean? (See I John iii:15.)

(14) What does Jesus here mean by the various degrees of punishment represented by the "judgment," the "council" and "hell fire?"

(15) Verses 23-26—Why is it impossible to worship or be in harmony with God if we bear a grudge against any person?

Lesson for Sunday, May 26, 1912.

## IS YOUR CHILD'S TONGUE COATED?

If cross, feverish, bilious, stomach sour, give "Syrup of Figs" to clean its little clogged-up bowels.

Mother! Don't scold your cross, peevish child! Look at the tongue! See if it is white, yellow and coated! If your child is listless, drooping, isn't sleeping well, is restless, doesn't eat heartily or is cross, irritable, out of sorts with everybody, stomach sour, feverish, breath bad, has stomach-ache, diarrhoea, sore throat, or is full of cold, it means the little one's stomach, liver and 30 feet of bowels are filled with poisons and foul, constipated waste matter and need a gentle, thorough cleansing at once.

Give a teaspoonful of Syrup of Figs, and in a few hours all the clogged up waste, undigested food and sour bile will gently move on and out of its little waste clogged bowels without nausea, gripping or weakness and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It's the only stomach, liver, bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious, genuine old reliable. Refuse anything else offered.

## Domestic Hints

(From The Scotch-American)

Sewing machine needles may be used much longer if when the points begin to get dull they are rubbed on a piece of emery paper.

Some housewives reduce the coal bill by sprinkling a solution of salt over the coal, using one pound of coarse salt to two quarts of water.

It is possible to buy remnants of carpets very cheap, and these, cut into rug lengths and with a fringe added, make excellent and handsome rugs.

Allow no accumulation of medicine bottles, soiled glasses, spoons, and such matters, about a sick room. What is necessary keep clean and arranged ready for use.

Persons exposed to cold or wet during the day should bathe their feet in hot water at night, which will prevent any ill effects. So easy a remedy should not be neglected.

A few drops of vinegar rubbed into the hands after washing clothes will keep them smooth and take away the spongy feeling they always have after being in water for some time.

By kicking yourself, it is possible to get back at your best friend.

**Chicago Grain Letter**  
CHICAGO, May 18.—A light general trade in wheat today made the wheat market mainly a scalping affair with prices slightly above yesterday's. The close today was 5 1/2c higher than the previous close, but the tone throughout the day was rather nervous. Foreign markets were rather colorless and the corn market was small and narrow all day with prices not far from yesterday's. In the corn market 105,000 bushels figured in the trading.  
Oats ruled a little easier most of the day. Fine weather for the growing crops and uniformly good crop advices from the interior have been speculative. Sales of 308,000

bushels were made today. There was an easier provision market with prices lower.

## BALL PLAYERS PLAN A STRIKE

American League Athletes  
May Quit of Cobb's  
Suspension Is Up-  
head

PHILADELPHIA, Pa., May 18.—The most sensational situation in the history of organized baseball presented itself today as the direct outgrowth of the action of Ty Cobb in forcibly resuming an insult yelled at him from the bleachers in New York Wednesday.

With the Tigers standing solidly behind Cobb, the Athletics backing up the Tigers, and a general call by the players upon the members of every team in the American league to refuse to play if Cobb's suspension is upheld, a general strike in the American league was actually in prospect.

The players announced early today that they would stand firmly on their ultimatum of yesterday and that there would be no game here this afternoon unless President Ban Johnson, who was due to arrive in Cincinnati today, changed his ruling. The players would be willing to talk compromise if Johnson would fine Cobb and announce a definite limit to his suspension. The suspension, however, as announced was indefinite.

Cobb developed his suggestion, made in an interview yesterday, for an organization for the protection of players against insults and abuse. The American league teams are all in the east today and messages have been sent to each team, asking that representatives be sent here to attend a general meeting of players to be held tomorrow. At this meeting it is proposed to form an association of self-protection through which the players can act in conjunction when they believe a player has received unfair treatment at the hands of the magnates.

K. O. LICKS MONAHAN.  
PEORIA, Ill., May 18.—Another knockout would be credited to one Chicago Brown who is called "K. O." today, had it not been for the referee stopping his vicious fight with Walter Monahan here last night. Monahan was game, although he was being badly punished until the bell saved him from a sleep potion.

CHICAGO, May 18.—Eddie McGorty, the Oshkosh middleweight, and Bob Moha, of Milwaukee, will meet in what is admitted to be a rough bout at New York on May 28.

## SLAUGHTER IS WIN FOR WINONA

Pirates Beat Outcasts 17 to  
6 After Knocking Three  
Pitchers Off the  
Slab

WINONA, Minn., May 18.—The Pirates made twenty-one hits for seventeen runs off three La Crosse pitchers yesterday and they defeated the Outcasts in the first game of the series by the overwhelming count of 17 to 6. Morse, Chief Chase and Fuchsel were on the slab for La Crosse in the order named but they proved unable to stop the batting of the locals.

La Crosse counted all its tallies in the sixth round, the only inning in which they could solve the delivery of Letson, who was on the rubber for the Pirates. A triple, three singles, an error and a hit batsman allowed six of the visitors to register, but after this they could not hit Letson consecutively. The victory over La Crosse was the first one which Winona has to its credit in three games.

Eau Claire, 5; Rochester, 4  
ROCHESTER, Minn., May 18.—After being behind by two runs up to the ninth round, Eau Claire rallied in the final inning and counted three times and this was enough to beat out the locals by the score of 5 to 4. Rochester's fielding was poor and practically gave Eau Claire the game.

The visitors found Kane, Hewitt and Wegman for eleven swats and they were aided in winning by errors. The locals were unable to do anything after the first round when they scored four runs, as Bryan held them at bay. Score: R H E

## NORMAL WALKS AWAY FROM PLATTEVILLE

In a game which resolved itself into a fantasy on the national pastime, the local normal boys yesterday at the League park handed the Platteville normal nine a weird beating to the tune of 12 to 1. Bartels, who pitched for the locals, allowed but three hits and struck out nine men. The Lead City boys could do nothing with his offerings, but thirty-two men facing him during the game, while Paulson, for Platteville, was knocked from the rubber by a fusillade of hits which netted the locals ten runs. Henning, who relieved him, fared little better and two more were added in the eighth round. The contest was witnessed by a good sized crowd of students and local fans. Rolfe made a spectacular running one-handed catch, and this and Griffin's consistent batting and base stealing featured the otherwise tame battle. Score by innings: R H E  
La Crosse . . . 20350002x—12 12 2  
Platteville . . . 00000010—1 3 4  
Batteries—Bartels and Griffin; Henning and Huggill. Umpires—McGlynn and Krause.

NATIONAL LEAGUE  
Philadelphia, 7; Chicago, 5  
CHICAGO, May 18.—Brown, McIntyre, Richie and Cole were unable to stop Doolin's batters yesterday and the Cubs dropped the second and last game of the Philadelphia series, 7 to 5. The principal feature of the battle was the length of time consumed in playing it, two hours and thirty minutes. Score: R H E  
Philadelphia . . . 020201010—7 12 3  
Chicago . . . 000300200—5 6 1

## KENNEL CLUB TO ELECT OFFICERS

The annual meeting of the La Crosse Kennel club will be held at the court house on Monday evening. Officers for the ensuing year will be elected, new by-laws will be presented for adoption and important matters pertaining to the fall show will be discussed. Dates and license have been granted by the American Kennel club, and present indications are that the show this year will eclipse all previous ones. A large attendance is looked for at this meeting, and all are urged to join the club. The membership fee has been placed at fifty cents, which includes dues for one year.

President J. A. Elliott of the Minn. league has handed out the first fine of the season and Danny Kick, shortstop of the Eau Claire club, is the man to get it. In the last game of the series at Winona, Danny kicked so strenuously on one of Marsh's decisions in calling a Pirate safe when he hit to Kick that Lefty immediately benched the shortstop. Kick now has the distinction of drawing the first fine of the season. Elliott having assessed him \$5 and until this is paid into the league treasury, a substitute will have to play short for Eau Claire. The Yankees actually won a game yesterday, but the scores registered total errors against them and the Naps, varying from ten to thirteen. Ford showed some of his old form, but it was a ragged exhibition.

## PITCHERS' BATTLE IS WON BY BADGERS

MADISON, Wis., May 18.—Wisconsin defeated Indiana in the prettiest game seen at Camp Randall this season yesterday. Both teams gave an excellent exhibition of first class playing and made some spectacular plays. It was a pitchers' battle, which ended with the score 2 to 1. Grell, who was on the mound for the Badgers, had the Hoosiers guessing at practically all periods of the game. The score: R H E  
Wisconsin . . . 10001000—2 7 2  
Indiana . . . 000100000—1 3 0  
Batteries—Grell and Brewer; C. Schultz and A. Schultz.

### COURT SETTLES GOLDBERG CASE.

Ten Cases on Civil Calendar Continued in Circuit Court in Last Two Days

When circuit court recessed this morning after two days' work on the civil calendar, ten cases had been continued and five settled. The most interesting of the latter is perhaps the decision in the Goldberg case, a suit which was brought to decide the division of property in the dissolution of a partnership. According to the settlement this morning, Leo Goldberg will pay \$1,175 to Clara

Goldberg. The goods will be sold in bulk and after the \$1,175 has been deducted, proceeds of the sale will be divided between the partners equally. Louis Omerberg was appointed referee.

Clara B. Hilton, a milliner, was awarded \$124.50 in her suit against Komiss-Robertson company for breach of contract.

The case of H. P. Strahl against the La Crosse Pure Food company, a suit to collect wages, was settled out of court as was the case of the Wisconsin Music company against Theresa Sturz.

The following cases were continued: John J. White against the La Crosse Street Railway company, damage suit; John Franklin against the La Crosse Street Railway company, damage suit; Charles Moore against the La Crosse Street Railway company, damage suit; Hjalmer Pederson against Peter Hellem

(Pederson is suing Hellem for alleged alienation of his wife's affections); Francis H. Leggett against the West Salem Canning company, (alleged breach of contract); Edna Hanson against Leslie Lehrbach, alleged breach of promise; Nellie Rodell against the C. B. & Q. Railroad company, damage suit; Mills Tourtellotte against the New York Life Insurance company, in collection of a policy; John A. Wood against Lu Verne B. Wood (John Wood is suing his brother for possession of a farm); and F. C. Lahn against Frankie La Salle (Lahn is suing Mrs. La Salle for alleged false imprisonment).

Court adjourned until 4 p. m. today.

A platonic friendship by any other name would be just as unsatisfactory. Some people never feel religious till they have experienced every other sensation.

### "ON A ROOF GARDEN TO BE BRILLIANT"

There are seventeen song hits in "On a Roof Garden," the brilliant comic opera which Donald MacDonald is staging for the benefit of the Home for the Friendless Monday, May 27th. Mrs. Joseph Bartl will sing "My Spanish Rose," assisted by a male quartet and chorus. Mrs. George Hixon of Chicago will sing, "The Men I Like," with a chorus of twenty-four young men. Mr. MacDonald is delighted with the material he has to work with this year and says it is quite the best singing chorus he has ever had in any of the productions he has made in La Crosse. The dancing will prove a revelation and some unique and novel effects are promised. "My Maid From Montreal" is a big dancing hit. Elsie Ott and Au-

brey Richmond will be assisted in this number by a remarkably clever pony ballet. Another big hit is "The Stage Door Johnnie," written for Mr. MacDonald by Earl Bronson, a prominent young composer. Several advance agents who saw this number in Mr. MacDonald's recent performance in Detroit, were very enthusiastic about it and said it was worthy of a place in any Broadway show where it would score a big hit.

### NOW PLAN TO CLOSE 12 MORE SALOONS

Following affirmation by the supreme court of Judge Higbee's decision declaring void the saloon license issued to the Larson place, 801 Rose street, citizens identified with the Public Welfare League assert that there are twelve more saloons

that will be closed upon identical grounds.

The law upon which the decision issued provides that the city shall not issue any more licenses than were authorized in 1907. In further detail, the sense of the statute is that no license shall be issued for a new location in excess of that number, except where it takes the place of an old saloon stand destroyed by fire.

The Larson saloon was in a new location, and there being more saloons in operation than in 1907, Judge Higbee held that the license was illegal and inoperative. The defendant appealed, but made no appearance before the supreme court, and upon motion of Attorney George W. Bunge for the respondent the decision of the circuit court was sustained.

WILKESBARRE, Pa., May 17.—The tentative agreement reported by the subcommittee of anthracite miners and operators in New York will be adopted by the convention now in session unless all signs fail.

### FLOOD CONDITION BETTER

NEW ORLEANS, May 17.—Flood conditions were greatly improved throughout Louisiana today with the exception of the Hymenella crevasse. The government engineers say it will require a million sacks of sand, 2,000 men working three weeks and an expenditure of a half million dollars to stop the gap.

## YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful and color and beauty in a few days' time?

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wirth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty cent bottle from your druggist today and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

Special Agent, O. T. Erhart, 513 Main street.

## KIMMEL DESPAIRS OF HIS RELATIVES

CHICAGO, May 17.—"I am tired of being a man without an identity," said the patient at the Burns hospital who claims to be George A. Kimmel, today. "I will prove to the whole world that I am Kimmel, although I have long despaired of convincing my relatives."

Kimmel made this statement after being told that Mrs. Edna Kimmel Bonslett, Kimmel's sister, gave out an interview in which she repudiated his claim and said she shrank instinctively from the man who says he is her brother.

Dr. Loren Wilder, who operated upon the claimant recently to restore his memory, said today that he had received some evidence that would greatly strengthen Kimmel's claims.

## MUST WIN OHIO OR BE DESERTED

Republican Regulars Talk of Dropping Taft if He Fails in His Home State

WASHINGTON, May 17.—Talk of a dark horse for the republican nomination for president has been renewed among the republican leaders at the capitol.

The assertion was made by one of the republican regulars in the senate that if President Taft failed to carry Ohio over Col. Roosevelt certain party leaders would seek to impress upon the president the advisability of his retiring from the contest to permit the substitution of another name on which the factions may unite with some hope of victory.

"What name has been suggested as a possible compromise?" the senator was asked.

"There has been talk principally of Associate Justice Hughes and of former Vice President Fairbanks."

## TO TEST SEARCHLIGHT

ATLANTIC LINER TO BE EQUIPPED WITH LIGHT AS TEST OF USEFULNESS IN OPERATION

CHICAGO, May 17.—Another test of searchlights as safeguards of trans-oceanic travel will be made, according to reports to the Chicago headquarters of the League for Public Safety, practically the only ocean-going vessels carrying searchlights today being those in the Anglo-Australasian service. The Royal Edward of the Atlantic fleet, owned by the Canadian Northern railway, will be equipped with a searchlight for the purpose of making a thorough test of its advantages. Some years ago the Cunard line equipped the Caronia with a searchlight but it was quickly abandoned and no further experiments were made. The Royal line voluntarily has decided to maintain a wireless service throughout twenty-four hours and also will continue to equip its steamers with lifeboats and life rafts in excess of the British requirements. "In addition to the 16 standard lifeboats demanded by law," the report declares, "the Royal line boats will have a smaller boat and four collapsible ones together with several rafts." The Royal Edward and the Royal George are rated at 12,000 tons but never carry more than 1,500 people and yet it is said that the Titanic, rated at 45,000 tons and licensed to carry 4,000 people, did not have as many boats. A test

also will be made on the Royal Edward of a device called a micro-thermometer, an invention of Professor H. T. Barnes of the McGill university, which was designed to automatically report on a dial in the chart room when icebergs are in the vicinity.

## WISCONSIN HAS NEGLECTED HORSE

Dr. Alexander of State Department of Horse Breeding Deplores Lack of Draft Animals

That draft horses breeding has not made the progress in Wisconsin it should, is the firm conviction of Dr. A. S. Alexander of the state department of horse breeding, who, very likely will accompany the special demonstration train of the Wisconsin Livestock Breeders' association on its tour of upper Wisconsin counties.

In his opinion, had some definite, practicable and well organized plan been followed in the use of the large number of Percheron, Belgian, Clydesdale, Shire and Suffolk stallions, which have been brought into the state during the past 30 years, much more improvement would have resulted.

Had any one of these breeds been used, exclusively, in a county for a given period of years that district would today be widely known for the excellence of its horses. There should be, he believes, hundreds of such breed centers in the state, but instead there are but very few, if any. Everywhere the breeds have been indiscriminately mixed. Indeed, both heavy and light breeds have, too often, been intermingled and, as a result, our horses are still nondescript in blood and character. In hundreds of instances the half bred colts, resulting from the mating of native mares with imported sires, have been so pleasing in size, style and quality that they have been retained as stallions, and widely used to the detriment of horse breeding. In addition to these grade stallions, hundreds of sires of unknown breeding have been used. These grade and scrub sires have prevented progress. They have largely put to naught the improving influence of the pure bred sires. Real progress of course can only come from the employment of pure bred sires, without admixture of alien blood.

During the past ten years, however, Wisconsin has made considerable progress in horse breeding. In 1900 the valuation of our cattle, for example, was greater than the valuation of our horses, but in 1910 this situation was reversed. The valuation of horses in the last ten years increased 100 per cent while the valuation of cattle increased but 43 per cent. Strong evidences of improvement have become even more apparent during the last four years, when thirteen out of every 100 grade stallions have been replaced by pure bred sires. This is a very encouraging record and, evidently, will be much surpassed in the future because the profits from the breeding of better horses are becoming more and more apparent.

There would seem to be no good reason why we can not have community breeding of horses as well as of cattle. If one community would stick to one breed alone, it would soon become famous as a horse center. In 1910 a small Holstein county in Wisconsin sold \$200,000 worth of livestock. This was brought about through co-operation and organization.

## RECOGNIZE THAT WISCONSIN LEADS

Work of Badger Anti-Tuberculosis Association Is Feature of International Conference

WASHINGTON, D. C., May 17.—(Special.)—That Wisconsin has taken the lead in anti-tuberculosis work setting the pace for others to follow, was clearly indicated by the superior recognition shown the work of the Wisconsin Anti-Tuberculosis association during the one week session of the International conference of the Red Cross which ended here today.

One feature of the conference was a Christmas Seal exhibit, intended to show what had been done by the sale of Red Cross seals in each section. Among a large number of elaborate displays, none attracted more attention than two simple charts from Wisconsin.

One chart, headed with the statement, "The Educational Value of the Christmas Seal Campaign is Greater than the Financial," estimated the generous amount of space given by the newspapers during the campaign and the amount of other literature published in connection with it.

The other chart bore the simple statement, "The Sale of Red Cross Seals Finance the Entire Work of the Wisconsin Anti-Tuberculosis association." As the eyes of everyone engaged in the White Plague fight have been turned on Wisconsin for some time, this chart told the whole story.

Anti-tuberculosis associations in other states raise part of their money by "Tag Day," private donations and other means. The Wisconsin association is the only organization whose entire funds are derived from the sale of Red Cross Seals.

## JOHNSON NOT AFRAID

CHICAGO, May 17.—There is no fear that the thin mountain air of Las Vegas, N. M., will affect his wind and weaken him before the end of his mill with Jim Flynn on July 4, according to Jack Johnson. The champion said that he was not afraid of his breathing being affected in the least through fighting in air that is much thinner than he is accustomed to breathe. Las Vegas is 6,000 feet above the sea level, higher than the arena at Reno where Johnson fought two years ago.

## DON'T STARVE YOURSELF

In an Effort to Cure Stomach Trouble.

It Is Better to Tone up the Stomach and Eat What You Want.

If you have indigestion, gas on the stomach, sour stomach, acid stomach, belching or heartburn; if you cannot eat substantial, nourishing food without distress, your stomach is weak. As a great deal of your comfort, happiness and success depends on a good digestion, you want to be able to eat anything your appetite craves. Don't try to get relief by cutting down your diet to a starvation basis but strengthen your stomach until you can eat good, nourishing food. What you want is a better digestion, not a poorer diet.

Mr. Schriver Simms, of Philadelphia, W. Va., says: "I can recommend Dr. Williams' Pink Pills to sufferers from stomach trouble because they cured me after I had failed to get relief from the doctors. I began to suffer from indigestion several years ago. I think the trouble was caused by overwork and irregular hours for eating. I had to be very careful about what I ate as anything but the lightest foods would upset my stomach. Gas formed on my stomach, causing me to feel bloated. My blood was in bad shape and my face was broken out. I tried several kinds of medicines and took treatment from several doctors but failed to get well. Finally I was induced to try Dr. Williams' Pink Pills by a druggist and had not taken more than two boxes before I could see they were helping me. I took the pills steadily for several weeks when my stomach was in better condition than it had been for a long time. I can now eat nearly anything I want to and feel no distress. I gained over nine pounds in weight and feel better than I have in years."

The value of the tonic treatment with Dr. Williams' Pink Pills is shown by the thousands of cures the pills have made in the various forms of stomach trouble, as acid stomach, nervous dyspepsia, neuralgia of the stomach, gastritis and catarrh of the stomach.

A booklet, "What to Eat and How to Eat," giving valuable information will be sent free upon request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

## BILL ASKS LAWS OF IMPORTANCE

Rivers and Harbors Measure Provides for Big Improvements in the Conditions

ALSO FIXES A TIME LIMIT

One Advantage of Bill Is that It Requires Engineers' Reports by Specified Date

WASHINGTON, May 17. — The River and Harbor appropriation bill, reported by Senator Nelson from the Commerce committee on the upper branch of Congress is, in many ways, the most important measure the committee has recommended in years as it urges legislation that cannot help but prove of a far-reaching character.

In extending the scope of the usual investigations on the part of the engineers which are required in order that comprehensive reports may be made on the same, the committee emphasizes the position taken by the National Rivers and Harbors congress early in its history, that of fixing a time limit for the completion of some of the large projects in order that the public may be prepared to use the harbor or waterway thus improved.

**Requires Report**

The bill however goes farther than any similar measure appropriating money for rivers and harbors as it calls upon the chief of engineers of the army and the board of engineers for rivers and harbors to report to congress, "in which shall be included a preliminary report not later than Dec. 1, 1912, upon the saving, as well as other advantages, which can be accomplished by the adoption of the continuing contract system, the rapidity with which projects should be completed, upon methods of standardization by which the waterways of the country may be improved uniformly in proportion to their capacities." To enable the board of engineers to properly secure this information an appropriation of \$100,000 is made. While this is a decided step forward the commerce committee is not content to stop there but requires that there shall be inquiries made into both private and public terminals, and transfer and dock facilities contiguous to the waterway to be improved.

The question of terminals has been one of very great importance ever since the adoption of the present system of treating the waterways of the country, for one of the most serious handicaps to water transportation has been the lack of public dock facilities at reasonable rates and within the reach of all desiring to use them.

"The tendency has been toward ownership and control of such facilities by railroads," the report says, "or by these and steamship lines acting in conjunction with them, a practice not conducive to healthy competition on the cheap handling of freight. While many communities, including several of the larger cities, are awakening to the importance of freeing commerce from this handicap, by municipal or other public ownership or control of docks and terminal facilities, there is much remaining to be done."

Senator Nelson, chairman of the commerce committee, who is looked upon as the father of the continuing contract system, which has been of incalculable benefit in establishing a comprehensive policy of waterway improvements, is enthusiastic in support of these new departures in the river and harbor bill and hopes to see the bill signed by the president as it will pass the senate.

WASHINGTON, May 17. — The money trust investigation was launched by the house banking committee late yesterday afternoon. Herman Sietken, member of the firm of Crossman and Sietken, New York importers and members of the coffee exchange, testified concerning the coffee trust. He admitted that though coffee production has doubled in ten years, the price is twice as high. Brazil, the witness said, formulated the monopoly.

Attorney Undermyer for the committee sought to prove that the loan of \$15,000,000 to Brazilian interests had been the cause of the increase in the price of coffee. He inferred that the coffee dealers entered into a contract with J. P. Morgan, the National City and the First National banks, of New York City, whereby a consignment of coffee would be given the bankers as security for the loans and that the market would be regulated so as to guarantee the disposition of the coffee at specified prices.

### ALLEN CASE TO JURY.

WYTHEVILLE, Va., May 17. — With both the prosecution and defense confident of a verdict in their favor, Floyd Allen's fate was submitted to the jury shortly after noon yesterday. The aged defendant, under charge of first degree murder for his part in the Hillsville courtroom murders, withstood a bitter denunciation by Attorney Wysor, for the commonwealth, without apparent nervousness.

A martyr's crown isn't such becoming headgear if put on for advertising purposes.

### REPRESENTATIVE IS ILL

WASHINGTON, May 17.—Representative Smith of Bakersfield, Cal., leaves Washington for his home under physicians orders. He will not return to congress until next winter, as he is suffering from heart and lung trouble aggravated by the climate here.

### HARVARD HAS 13 MILLIONS

CAMBRIDGE, Mass., May 16.—According to a financial report made public this afternoon, Harvard university owns \$137,363,797 in stocks and bonds. Harvard has an income of \$2,500,000 annually.

### 6 MILLIONS IN RENT

USE OF LAND 46 BY 90 FEET IN CHICAGO IS WORTH \$65,000 A YEAR

CHICAGO, May 17.—A total of \$6,435,000 rental for 99 years was the sum named in a lease recently executed for Mrs. Hetty Green in Chicago, the rate being \$65,000 a year for the use of a strip of land 46 by 90 feet in the business district. A milling company will replace the building with a modern structure 16 stories high at a cost of about \$1,000,000 which, of course, will add that much to the value of Mrs. Green's land. This lease has been taken as a horrible example of the present system of taxation, it being urged that the social growth of the city has given the present value to the real estate but that the increment has gone to the land owners and not to the public. "Private ownership or possession of land is conceded to be essential," a bulletin of the American Economic league declares, "but when we permit such ownership as that of Mrs. Green to include not only results from individual effort but also the result of a community's enterprise, does it not appear that we go far toward condoning a violation of the eighth commandment?" According to this view the cost of living has been advanced about 50 per cent by the policy of exacting revenue from industry instead of land values. The census of 1900 showed that 250,251 persons are possessed of \$67,000,000,000 of the total of \$95,000,000,000 of the nation's wealth, or in other words, that three-tenths of one per cent of the population possess 71 per cent of the nation's wealth. It is said that the late John Jacob Astor, now a British subject, received a revenue of \$10,000,000 over here for allowing American citizens to transact business on Manhattan island.

### Her Comprehensive Reply.

"I ask only," in well modulated tones said the earnest, fiddle faced young man, "that you give me what you can of your love and that you ever strive for my sake to deny any earning or strangle any impulse that ants within you. Give me what you can while you can give it without grudging or regretting, but the moment you feel that it is a task to love me renounce me forever, though the verdict pierce me to the very heart." "How cute!" returned the fluffy young thing. "But—ee—he! he!—yes, Willoughby!"—Puck.

While people talk a good deal, they "change their minds" oftener than they are willing to admit.

### FREE SUGAR IS A BLOW

DECLARED THAT REMOVAL OF SUGAR TARIFF WILL HURT BEET GROWERS OF THE WEST

CHICAGO, May 17.—Putting sugar on the free list will be a blow at the west, owing to its stake in beet sugar production, according to C. C. Hamlin, speaking for the beet sugar industry of the United States, of which Chicago now is the main distributing center.

"It is a curious and instructive fact," said Mr. Hamlin, "that the only industry from which it is seriously proposed to remove the protection of the tariff duty is the one industry in which the farmers of the west are deeply concerned. The interests of the small group of refiners in New York would be served by such action, while the western farmers and consumers would be seriously injured. That this would be the effect is shown by the report of the majority members of the ways and means committee of congress recommending free sugar, in which they say that 'the industrial position of refining deserves primary consideration. As a matter of fact the whole agitation for free sugar has been brought about by the New York refiners.'"

### HORSE PRICES RAISE

KILLING OF WHEAT BY WINTER HAS CREATED ENORMOUS DEMAND FOR ALL KINDS OF HORSES

CHICAGO, May 17.—High prices for horses are being forced still higher by the enormous task of replanting the farm acreage on which wheat was winter killed in Illinois and adjacent states and is bringing hundreds of farm buyers to the Chicago market. The crop damage that has made necessary the great amount of replanting and the high winter prices for feed has created a demand for horse flesh that is unprecedented. In Illinois over half of the wheat acreage, in Indiana and Ohio about 45 per cent of it and in other states 10 to 20 per cent has been abandoned, which means that horse power will be needed for millions of acres more than normal. This demand so greatly exceeded the supply of horses discarded as a result of the use of motor trucks in the cities that prices are rapidly climbing. High prices for feed have made horse flesh expensive anyway and a new price record will be set. In preparation for this emergency demand some of the horse dealers at the stock yards have been scouting for equines for several weeks. H. B. Throop, an authority on horses and who has sold as many as 60 horses in a minute, has predicted that draught horses will be higher 5 years from now than ever before. "The automobile and motor truck don't really affect the demand for horses, the demand is so enormous and nation wide," he said.

### COMMITTEES TO ARRANGE FOURTH

North Side Progressive League Men Plan a Great Celebration on Independence Day

Committees to take charge of the program for the big Fourth of July celebration to be given in Copeland park by the North Side Progressive league were appointed at a meeting of the general committee last evening. No definite program has as yet been announced although the committee has been planning the celebration for some time but now that all committees have been named they will start work on the program at once.

General plans for the celebration were made and completed at the meeting last night and the special committees, of which there are six, will begin work immediately. The celebration will undoubtedly be one of the biggest Fourth of July celebrations ever held in La Crosse.

Following are the special committees appointed at last night's meeting:

Finance—George Baum, William Dwyer, W. C. Rick, Thomas Tulley and H. Skundberg.

Grounds and privileges—George B. Marvin, Jr., Robert Lowry, Norman Beans, H. Baum and Dr. A. R. Kemper.

Literary—Paul W. Mahoney and Rev. A. Murphy.

Sports—Otto Granke, Harry Spence, Dr. McGovern, Ed Botts, J. Headgraff and Ed Conway.

Advertising—Frank Geisenheimer, L. E. Lavaque and C. P. Thompson.

Decorating—John Foley and H. L. Partridge.

### FARMERS MARKETWISE

CHICAGO HAS INFLUX OF FRUIT MEN SEEKING POINTERS ON VALUES IN THE BUSINESS

CHICAGO, May 17.—The "market end" of fruit growing this year is bringing many sharp eyed pilgrims to Chicago, and the wholesale houses are called upon to give "pointers" on how to get more money for fruit. The fruit farmer seems to have waked up business-wise. One wrote: "All the bonanza profits, I have learned, are in the market end. When I see apples on a hotel bill at 20, 25 and 40 cents each, I want to grow the variety that is served at such prices and sell them to the man who supplies that 'high cost of high living' trade. Is there anything new in variety, pack or label?" Records of the winter show a great difference in prices paid for different varieties. In apples alone the difference means millions of dollars, as several million barrels went into storage. When Spitzenbergs and Northern Spys from storage sold at \$2.50 to \$4.25 the Ben Davis brought \$2.25; the old New York "King" that made Tompkins county famous brought \$4 per barrel of three bushels when the Stark Delicious were doled out at \$5 and \$6 per one bushel box. Iowa produced the original tree from which have been propagated millions of trees now bearing Stark Delicious apples which frequently are eaten, like peaches, with sugar and cream. Any one can recognize a real Delicious by the five knobs at the blossom end. It is a bright red apple, splashed with yellow, and oblong in shape. "Nowadays the man who makes the big money in anything," a pilgrim from Oregon observed, "is the one who sells something so good that the people who can will pay extraordinary prices for it."

### CURSE WOMEN IN BOAT

WISCONSIN GIRL ACCUSES OFFICER OF TITANIC FOR BRUTALITY TO SURVIVORS AFTER WRECK

WASHINGTON, May 17.—Charges that Officer Lowe of the Titanic was "blasphemous" and cursed women in the lifeboat which he commanded, were made in an affidavit by Miss Daisy Minahan of Grand Rapids, Wis., received here today by Senator Smith of the investigating committee.

Miss Minahan declared she received no warning after the ship struck; that there was great disorder on the decks during the loading of the lifeboats, and that the boat was not provisioned or furnished with lights.

When passengers implored Lowe to transfer some of the passengers in his boat to another and return to rescue those drowning, Miss Minahan said Lowe answered: "You ought to be glad you are," and refused.

Later she said Lowe consented and cursed the women because there was a slight delay in transfer.

"He had been blasphemous during the two hours we were in his boat," Miss Minahan said, "and the women at my end of the boat all thought he was under the influence of liquor."

The affidavit also said that a stewardess told Miss Minahan that the air tight compartments on the Titanic were not in working order. Carpenters were unable to get them to work smoothly before the ship left Southampton.

### RICHESON TOLD FATE BY PASTOR

Parson Who Murdered Girl Takes Announcement He Must Die Without Emotion

BOSTON, Mass., May 17.—Clarence V. T. Richeson, former minister, knows that he will die in the electric chair for the murder of Avis Linnell. He was told at 10:15 by his spiritual adviser, Rev. Herbert S. Johnson, a Baptist minister, that Governor Foss had refused to intervene to save his life.

Rev. Johnson called at Richeson's cell at 10 o'clock in company with Deputy Warden Allen. After a cheery good morning, which was as cheerily returned by Richeson, the three conversed on casual subjects which were deftly returned to Rev. Richeson's case by Dr. Johnson, who finally asked:

"Do you wish to know immediately the result of the examination made on you by the alienists?"

Richeson, according to Hedges drew himself stiffly from his chair where he had been sitting next to the barred door and said in a scarcely audible voice: "I have been hoping, but I can tell by your expression that you have none. Let me know now."

Johnson and Allen remained with Richeson for nearly forty minutes after he had been told of his fate. When they left Dr. Johnson would say nothing except: "Richeson knows he is to die. He stood the shock of the knowledge better than I expected he would. More than this I cannot tell. I will probably visit him again today."

### AGENT OF THE WILD

MEMBER OF CHICAGO ATHLETIC CLUB IS MISSIONARY FOR "THE FOREST PRIMEVAL"

CHICAGO, May 17.—An "agent for the wilderness" has been produced in Chicago by the annual problem of vacations, a lifelong love for the sylvan solitudes having urged H. G. McCartney of the Chicago Athletic club to become "a solicitor for primeval forests and rivers." He not only makes it a point to get into the midst of the solitudes himself but systematically turns missionary to induce as many other men as possible to go as he goes and where he goes. Probably no man in the country has located so many retreats of the trout and muskellunge as he. This year at his camp at the very head waters of the Mississippi he expects to discover some new ones. The "end of the trail" for him will lead to the divide whence one can go by canoe to tidewater either north or south as one elects. He has assembled there a "wilderness library" that embraces about everything written about the great outdoors and its denizens with some things primitive and still enjoy the primeval, consequently his lodge has bathrooms, its porch has screens against the mosquito and a cow and vegetable garden are adornments of the landscape. Years of experience have taught him how to make a canoe comfortable with caned seats and backs, and how to outfit for an outing without missing the things most needed when in camp. "My camp is located where the first land on the continent emerged from the prehistoric floods," he said, "so it really was the beginning as it is now the end of the trail. There is where the fish bite best, but better yet to me there lies the wilderness, out of whose silent, restful soul we once came; unto which, as of instinct, we turn when in need of comfort and restoration."

### LORD AND LADY REFUSED RESCUE

LONDON, May 17.—With Lord and Lady Duff-Gordon as the star attractions the board of trade commission of inquiry into the Titanic disaster today drew a large and fashionably dressed crowd of society women, including Mrs. Asquith, wife of the premier.

Henderson, the White Star settor who was in the boat with the Duff-Gordons, repeated his testimony and when cross examined reiterated his charge that the Duff-Gordons had protested against his return toward the sinking Titanic when the cries of the victims were heard.

Sailor Symons, who was in charge of the lifeboat carrying the Duff-Gordons was the next witness and he insisted that he had not heard either Lord or Lady Gordon make anything in the nature of a protest against going back to the scene of the wreck. Symons admitted, however, that "some one representing the Duff-Gordons" interviewed him after his return to England.

### HUSTLING MADE A MAN OF HIM

George McDonald, Sheriff Candidate, Built Success Upon His Personal Efforts from Boyhood

(Political Ad, Paid \$4.00.)

George McDonald, candidate for sheriff, was born in the Town of Farmington where he grew to manhood. His home surroundings were such that he was called on to hustle for himself while still a lad, teaming, threshing, in fact any kind of respectable work that would help to give him a start in life were cheerfully undertaken.

In 1861 he began to buy livestock for E. R. Roberts of Bangor and finding the employment one suited to his abilities he soon started in the business in the Village of West Salem. First in a small way, till gaining confidence in his own judgment and the confidence of the people, he became one of the largest shippers in this section of the state.

For several years his operations have extended over the greater portion of La Crosse county, and his business has exceeded one hundred thousand dollars per year.

Buying livestock is a business of close competition and Mr. McDonald has not become rich through his business. He has, however, at all times paid fair prices to the farmers, and furnished a good market no matter whether he worked on a rising or falling market.

If honest service and square dealing with the people for a long term of years entitle a man to the consideration of the people when he becomes a candidate for office. It would seem that Mr. McDonald is entitled to a generous support in his candidacy for the sheriff's office.

### WILD GIRL ESCAPES CAPTURE BY POLICE

LIVINGSTON, Mont., May 17.—An armed posse, headed by Chief of Police Swindlehurst, early yesterday morning attempted to surround a "wild woman" who has been terrifying residents of the East side of Livingston for the past week. The attempted capture would have been successful, except that the supposed wild girl proved a better swimmer than one of the policemen.

The posse had surrounded the woman near her home in a jungle near the city, and were just about to bring her out of her nest of boughs and grass, when she dashed through the circle of policemen, jumped into the waters of the Yellowstone river and swam through a fierce rapids to safety. A policeman followed, but was no match in the water for the wild woman. Two shots were fired at her, but neither took effect. The police will continue the search. Residents of the east side of town are alarmed over the strange actions of the woman. They have retained special police protection.

All parties having claims against the county are requested to file the same with the County Clerk on or before Saturday, May 18.

#### WATER POWER BILL WILL BE AN ISSUE

MADISON, Wis., May 17.—In the opinion of Senator Paul O. Huston of Mayville, who has spent two years as a member of the legislative committee investigating the waterpower situation in Wisconsin, legislation along this line will be the most important to be enacted at the next session of the legislature. He thinks it will be a potent issue in the state campaign now approaching. At the special session Senator Huston introduced a bill to regulate waterpowers, which incurred the bitter opposition of waterpower men. Its defeat was encompassed by a majority of two votes.

"The state ought never to grant away in perpetuity any water power franchises," said Senator Huston today, "but should either reserve the right of revocation and repeal at pleasure, or should grant such franchises for a definite period only. Such period should be no longer than is required for reasonable safety of investment."

### RAILROADS MUST RUSH CONSTRUCTION

MILWAUKEE, May 17.—Two and one-half years will be given the Chicago-Northwestern, and Chicago, Milwaukee & St. Paul railroad companies to complete the south side track elevation work in the final order which will be issued on Monday. The cost will aggregate \$3,000,000.

This information was imparted to members of the South Division Civic association by John H. Roemer, chairman of the state railroad commission at the informal conference in the city hall Thursday afternoon. Railroad companies asked for six years to complete the work, but an extension of only six months has been granted. The object is to rush the work and bring it to completion at an early date.

### SONS OF VETERANS URGED TO DO WORK

MADISON, Wis., May 17.—Rev. Ernest L. Benson of this city, chaplain of the Wisconsin division, Sons of Veterans, has issued a message to all members of the order looking to a fuller observance of Memorial day this year. He asks that Memorial Sunday, May 26, be observed, the Sons of Veterans to attend services in a body; that plans be made to get a more reverent observance of Memorial day and to eliminate the holiday features; and that the Sons take from the old soldiers the burden of the arrangements for Memorial day. He says: "Decorate the graves. Arrange the exercises. Get the speakers and pay the bills. Give the boy in blue the seat of honor. Let us take the post of responsibility."

### DR. SPENCER MAKES INSPECTION TOUR

MADISON, Wis., May 17.—Dr. L. E. Spencer of Wausau, newly appointed state sanitary inspector, an office recently created, is visiting cities in southwestern Wisconsin to investigate sanitary conditions. A general crusade throughout the state will be made with a view to remedying unhealthy conditions in hotels, public buildings and in communities as a whole. Dr. Spencer's resignation from the state board of health has just been accepted by Governor McGovern.

### ESCAPES FROM DAKOTA PRISON

STURGIS, S. D., May 17.—Frank Hanna, a prisoner at Fort Meade, made his escape last evening. He had been working under guard. Hanna struck the guard on the head making him unconscious and badly cutting him on the head. Mr. Hanna had shackles on at the time of his escape. He took the guard's pistol and rifle. The authorities are scouring the country. Hanna escaped from the guard house in March, but was recaptured.

#### LA CROSSE LOSES PITCHERS' BATTLE

Rochester Cops the Gravy when Bzowski Shows in Better Form Than Nally

ROCHESTER, Minn., May 17.—Bzowski bested Nally in a brilliant pitchers' battle here yesterday and Rochester shut out La Crosse in a well played game, 1 to 0. The Surgeons' twirler was accorded perfect support while three miscues were made behind Nally, and although four hits were secured off the delivery of each heaver, Rochester was able to tally the one run which won the combat. Sparkling fielding plays featured the game which was an excellent one in every respect. Score: R H E  
Rochester . . . 00000100—1 4 0  
La Crosse . . . 000000000—0 4 3  
Batteries: Bzowski and Lizette; Nally and Brown.

Eau Claire, 6; Winona, 5  
WINONA, Minn., May 17.—Russell Bailey's Eau Claire team won both of the games of the opening series played here by counting two tallies in the eighth round of yesterday's combat and beating out the Pirates by the score of 6 to 5. Up to the eighth inning Eau Claire was behind by one score but in that round they rallied and registered two runs which just beat out the Pirates. A single, sacrifice and two miscues allowed Eau Claire to register the winning runs. Chapman pitched a good game, holding his opponents to five hits while Winona made six, but the four errors made behind him proved costly. Winona counted four times in the first inning but after this they got but one run. Score: R H E  
Eau Claire . . . 21001020—6 5 2  
Winona . . . 400010000—5 7 4  
Batteries: Sharp, Lampman and Benrud; Chapman and Chapman.

FEDERAL TROOPS CONVICTS  
MONTEREY, Mex., May 17.—With a detachment of troops passing through Torreon today more than 2,000 federals including 1,500 volunteers, are making their way north to reinforce Gen. Huerta's advancing army. The federals have been passing through Torreon for the past two days. Gen. Blanquet is also on his way north from Mexico City with additional reinforcements, several hundreds convicts having been released from prison to join the army.

#### BEARS TAKE PIECE OF PATTEN'S HIDE

CHICAGO, May 17.—The wheat market had not recovered today from the active operations yesterday of Adolph J. Lichtern, James S. Templeton and James A. Patten, in which Lichtern is said to have made \$1,000,000 profits. Templeton made a "clean up" in low grade grain and Patten is credited with being on the losing side, how heavily none seems able to hazard a guess. May wheat yesterday broke from 116 1/4, the day's top price, to 111 1/4 and closed at 111 1/4. July made a sag of 6 1/2 cents from its high mark of a few days ago and September closed at 103 1/2 against 105 1/4 at the previous close.

#### KING'S BODY IS BROUGHT HOME

Royal Yacht of Denmark Lands Master at Copenhagen; Is Met by Children

COPENHAGEN, May 17.—The royal yacht Dannebrog, bearing the body of the dead King Frederick VIII of Denmark, arrived here at noon today. The yacht was met at Goerge Bay by King Christian, Queen Alexandra and King Haakon, who were aboard the warship Absalon. The royal salute was fired from the harbor roadstead.

When the Dannebrog had docked at the quay the casket of the king was taken up by eight commodores and eight colonels who as pall-bearers, carried it to the waiting hearse. At the quay the troops were drawn up in deep ranks. As the casket was carried from the yacht, the corps of court officials, the foreign diplomats, high government officials and the municipal officials assembled in the order of their rank and bell in behind the pall-bearers.

Following the hearse came a black riderless horse, the favorite charger of the king. The horse was shrouded in black mane, and bore the king's saddle with the stirrups reversed. At the chapel a brief service was held with only the members of the royal family present and now the body will lie guarded by lieutenants of the army and navy until Monday. Then the citizens may pay tribute to their dead king, for the body will lie in state from Monday until Thursday. Thursday it will be taken to the Roskilde cathedral, where funeral services will be held on Friday.

#### KILBANE MEETS BROWN IN JUNE

NEW YORK, May 17.—The fight between Johnny Kilbane, feather-weight champion, and K. O. Brown, scheduled for June 11 in this city, is expected to be a fast scrap. Brown exemplifies force; Kilbane science. The conditions are ten rounds, 125 pounds ringside, purse \$15,000.

M'GRATH NOT OLYMPIAN  
NEW YORK, May 17.—The announcement that Matt McGrath will not compete in the Olympic games was bad news today to many who like to see the blonde giant of the Irish-American club throw the hammer. He says that his work prevents him from training and that it would be useless for him to go to Stockholm out of condition.

#### LYNCH REFUSES GIANT PROTEST

NEW YORK, May 17.—President Thomas J. Lynch of the National league, has disallowed the protest of John J. McGraw on the tie game played between the Cubs and the Giants on Monday. The protest was lodged by the New York manager on the ground that the reversal of Chief Umpire Rigler of a decision made at third with men on first and second, by Bases Umpire Finneran, enabled the Cubs to tie the score. Lynch said Rigler acted in accordance with orders when three men are on bases.

#### PLATTEVILLE PLAYS NORMAL HERE TODAY

The local normal and the Platteville normal school baseball teams will meet in what promises to be a good combat at League park this afternoon. As the local boys have been playing a fast game all season, they hope to defeat Platteville, but they realize that they will have a difficult task in doing this, for the visitors have a strong line. This is the first time that Platteville has appeared here to play baseball, and both teams are desirous of winning the first ball game in this city.

#### WATCHING THE SCOREBOARD

Now Ty Cobb has added to the Tigers' misery by getting himself barred from the game as a result of going into the stand after a rowdy spectator.

Costly Mr. O'Toole (\$22,500) went down before the big Marquard (\$11,000.) It was the first meeting of the two. The Rubie has an unbroken string of seven wins for the season. It was Nap Rucker's hard luck and he could not even go the limit against Laudermilk of the Cardinals. He was taken out to allow a pinch hitter to bat.

The Boston Braves held the Red Legs right up in the famous sprint by batting this ball at the proper moments. O'Day gets all of the breaks this season. It rained in three sections of the American league and it was too wet for even sawdust in Washington. Boston imported all of the big guns of baseball to see the dedication and then the game had to be postponed. Maybe it will take place today.

#### HIGHS TO MEET WEST SALEM HERE

The high school baseball team will meet the West Salem high school team at League park tomorrow afternoon. The team from Salem has been playing good ball this season, having defeated the Bangor high school team and played the Tomah highs to a standstill. Nye has been doing the twirling for the Salemites and he has been doing good work on the slab.

On account of bad weather the locals have not been doing much practicing since last Saturday when they defeated the Bangor highs by the score of 8 to 0. Several games were scheduled with the normal team but both had to be called off on account of rain, and this has been a handicap but they expect to win.

In all probability Fox will do the pitching for the locals as he has been doing some air tight heaving thus far this season, having allowed the Bangor players but three hits in the two games he pitched against them. Krause and McCahan are also anxiously awaiting to show the high school fans that they can also deliver the goods and they may be given a chance to do some twirling. Spellum, the orator catcher, will again be behind the bat. Weisse at first, Frisch at second, Renner at short and Wiebrecht at third will make up the infield. The midgets, Peterson and Layman, together with King, will take care of the outfield.

Up to the present time the local baseball team has won four out of the five games played having defeated the Bangor highs twice, the Tomah highs and the Tomah Indians. The second game of the season with the Winona highs was won by the upriver boys in the first inning by the score of 4 to 5. The locals will meet the Winona team again this season and promise to give them a worse drubbing than they received.

#### COBB THINKS HE IS MISTREATED

BOSTON, May 17.—Observing his customary silence, President Ban Johnson today declined to discuss the indefinite suspension of Ty Cobb, the Tiger star, for his attack on a spectator in New York on Wednesday. Ty Cobb, who is with his club in Philadelphia, feels that he has not been treated fairly. "I should at least have had an opportunity to state my case," he said.

#### SHIP WAS NEAR SAYS SURVIVOR

Anton Kink Says Vessel Was Not More than Ten Miles Away when Titanic Went Down

That there was a ship not more than ten or fifteen miles from the Titanic, standing still, which could have saved all the passengers on the giant liner had she come up, was the statement made today by Anton Kink, who, with his wife and baby daughter, Louisa, was one of the few rescued by the Carpathia. Mr. Kink lost a sister and a brother, Vincenz and Marie Kink, in the disaster.

His story of the wreck is that he heard at first only a slight grinding sound and felt a shock. He dressed and called his wife, who with the little girl in her arms made her way to the deck. There he kissed them goodbye and helped them into the next to the last boat to leave. The boat left from the davits near the bow on the port side. As soon as the boat left Mr. Kink gave up hope and he jumped into the icy water to end the struggle quickly. At that time, he says, the port side of the boat deck was but twenty feet from the water. The majority of the passengers were crowded on the stern, which was rising out of the water. He came up beside the boat his wife was in, and was dragged in and set at the oars. They pulled as fast as possible for three hours until the Carpathia picked them up. Their boat was the first to be sighted by the rescue ship.

That there was considerable shooting before the boat got away is vouched for by Kink. He and his wife agree that there were ten or a dozen shots fired, some of them in the first cabin, before they were on deck. Neither, however, saw any panic-stricken rush for the boats.

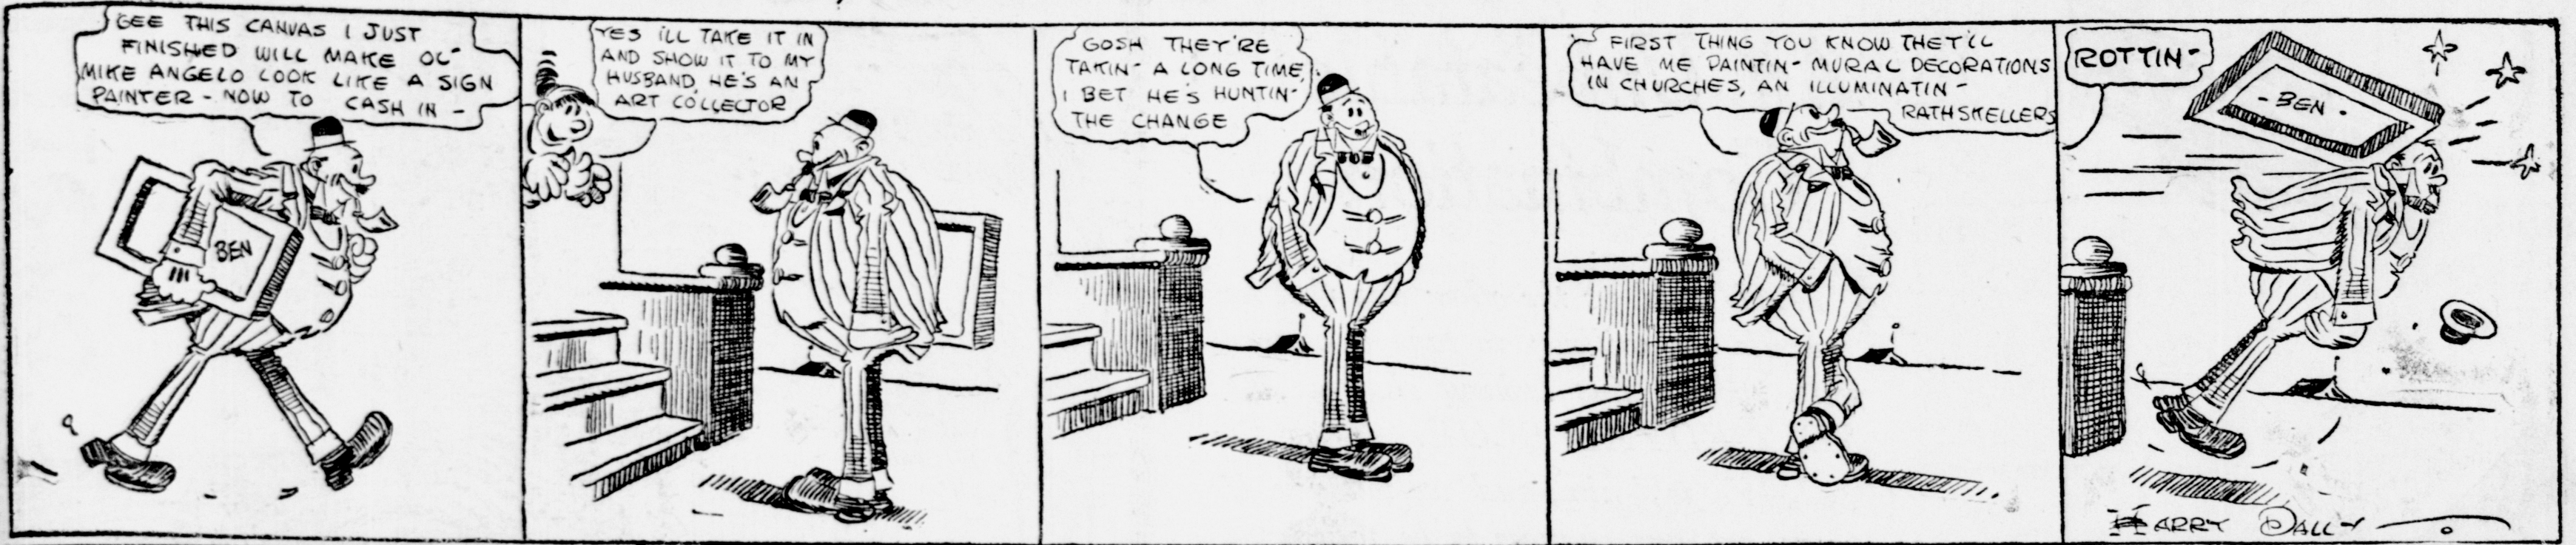

That they were picked up so quickly is attributed by the Kinks to the fact that the sailor in charge of their lifeboats had colored lights with which he signaled their position to the Carpathia.

DEMAREST SHOWS WELL  
CHICAGO, May 17.—Calvin Demarest today feels like a real champion. The reason is the flash of form he showed last night when he defeated Ora Morningstar of Pittsburgh, 500 to 287 in the third of their five practice matches before Morningstar meets George Sutton for the 18.1 billiard title. Sutton who is playing a series with Clarence Jackson, last night defeated his opponent 500 to 377.

### Weather Forecast and Weather Conditions

## An Unbeatable Combination

A MAN told us the other day that he would be willing to take a chance with such a fine looking shoe as the SELZ ROYAL BLUE.

We told him, and we tell you, if there are any chances to be taken, we will take them—assume the entire responsibility for the shoe's satisfaction. The SELZ Guarantee covers this point fully.

### The SELZ Guarantee:

"The name SELZ stamped on the sole of a shoe is a guarantee of satisfaction. Remember, your dealer is authorized to see that you get satisfaction from every pair of shoes bearing the mark."

"Largest Makers of Good Shoes in the World."

These photographic reproductions come as near as it is possible to show you SELZ Shoes in the columns of this paper just as they appear in our store. The only way to tell what a shoe really looks like is to see the shoe itself. The only way to tell that it is a good shoe is to wear it. And that's likely to prove a pretty expensive experiment—unless the shoe is guaranteed as every SELZ ROYAL BLUE SHOE is guaranteed.
